SHAWN OTTESON

Shawn,

We really are glad we are such good friends. you're really been a big help to me with all my problems. Just think, the only reason we've become friends is because of Duwayne Webb. Well, he's the reason we met. I don't know if you know who or not but I am the one who wrote you that poem that Duwayne gave you. I'll never forget that. I really also always regretted when we skipped and went to the races (remember Russel and Lydell were there) It was really fun. I hope you and I stay close forever — Call me alot this summer we'll go party - okay? 967-5491 I really hope you can help me along with Brian. He's very special to me and I hope Michelle doesn't ruin anything. Thanks for all your advice about him! I love you - Stay Sweet forever! Love

Michelle doesn't ruin anything. Thanks for all your advice about him! I love you - Stay Sweet forever! Love

Shawn,  
What can I  
say. You've made  
me live ever  
will always remember you. I  
hope you will never forget me. I  
love you very much and you will always  
hold a very special place in my heart. I  
Maybe someday we can go out again. I would  
really enjoy that. I hope you thought about what I  
said in my letter. It means a lot to me. I hope we can spend  
enjoyed the time we spent together in the future. You a very bright girl with  
a good head on your shoulders and I know you'll go far in life.  
I hope you get all your want out of life. Besides your so  
damn good looking and I'll cherish your memory forever.

## *Nature Presents the Great Outdoors*

Although the summer has set a record breaking heatwave, the great outdoors is still a place to find many students. To some it represents a quiet place away from schoolwork and the busy everyday life. To others the outdoors is nice for a picnic with a friend. No matter where you are the great outdoors is a symbol of peace and beauty for all.

1 - Tracy Chandler and Charlie Nantz enjoy a summertime picnic.

2 - Chad Hardin and Johnathan Rodocker roughhouse during recess.

3 - Truett Love, Donald Walston, and Dennis Pate return from a successful day of hunting.

## Spring Brings a Lake Hamilton Fling

The Spring Fling was sponsored by the Student Council at the end of last year. Competition between homerooms and grades was raging high during the week of activities. Two or more students from each homeroom participated in such events as: an egg toss, tricycle races, skateboard riding, an obstacle course, tug-of-war, and a pie eating contest. The Spring Fling Dance was held to conclude the week's activities. All in all, the main objective of showing that strong Lake Hamilton spirit was definitely accomplished.

1 - Michelle Trimue runs a winning race to finish first for her homeroom and her class, despite wanting to take the pylon with her.

2 - Although Mike Head, Donny Martin, and Dwayne Webb pulled their hearts out, the 79-80 seniors were the overall winners of the tug-of-war contest.

3 - A good head start for Brent Rogers, pushed by David Starnes, led to a late finish as the two man team fell apart before entering the turn.

# *"An Evening in the Isles" Creates a Million Smiles*

The Junior-Senior Prom of 1979-1980 was held in the Convention Room of the Majestic Hotel. The Junior class traditionally did the work to make the Prom the "best ever" for the Senior class. The hard work paid off, and the Prom turned out very well.

The weather was cool. The rock band, Dealer's Choice, was hot, and the students were ready to dance the night away. Leis, tropical fruit, and fish nets were the decorations that carried out the theme "An Evening in the Isles" - an evening we will all remember.

3

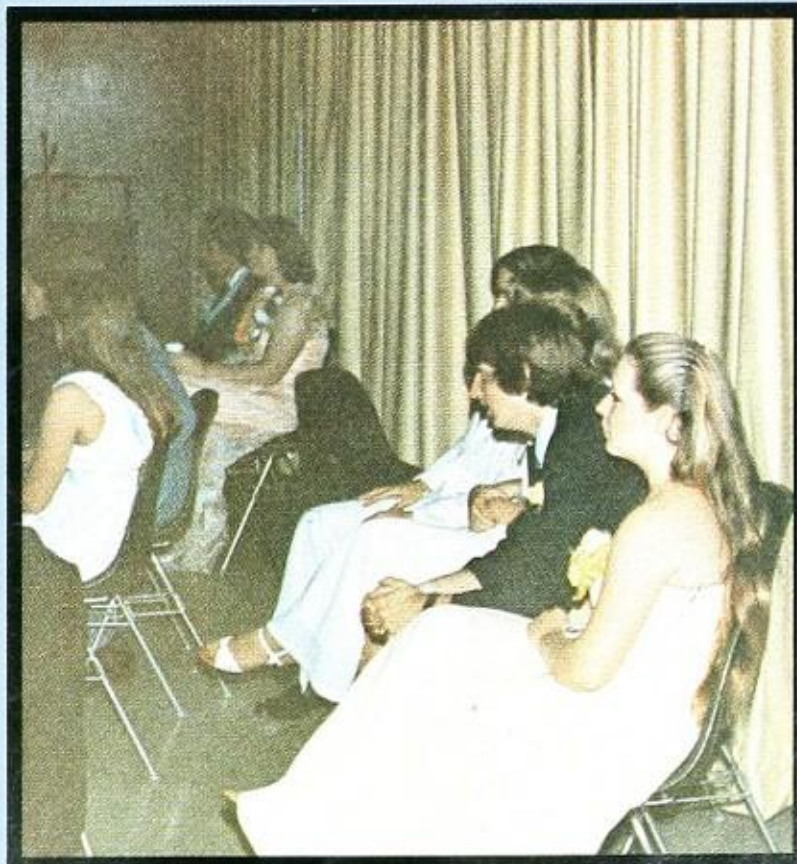

2

4

5

1 - Regina Newman really gets down to the beat and David Diedrich and his date continue to dance up a storm, both preferring the fast songs to the slower ones.

2 - The music was presented by Dealer's Choice who set the pace for the evening to come.

3 - Couples line up under the gazebo to have their pictures made of this special evening.

4 - The theme is carried out with the large bowls of fruit which are greatly appreciated by the dancers.

5 - Angie Jewel and John Landrum take a much needed rest to cool down and observe the other dancers.

## *New Stadium Adds Crowning Touch to Campus*

At last Lake Hamilton is the proud possessor of one of the top five football stadiums in the State of Arkansas. The new stadium has an enlarged seating capacity and was built under budget of \$250,000.

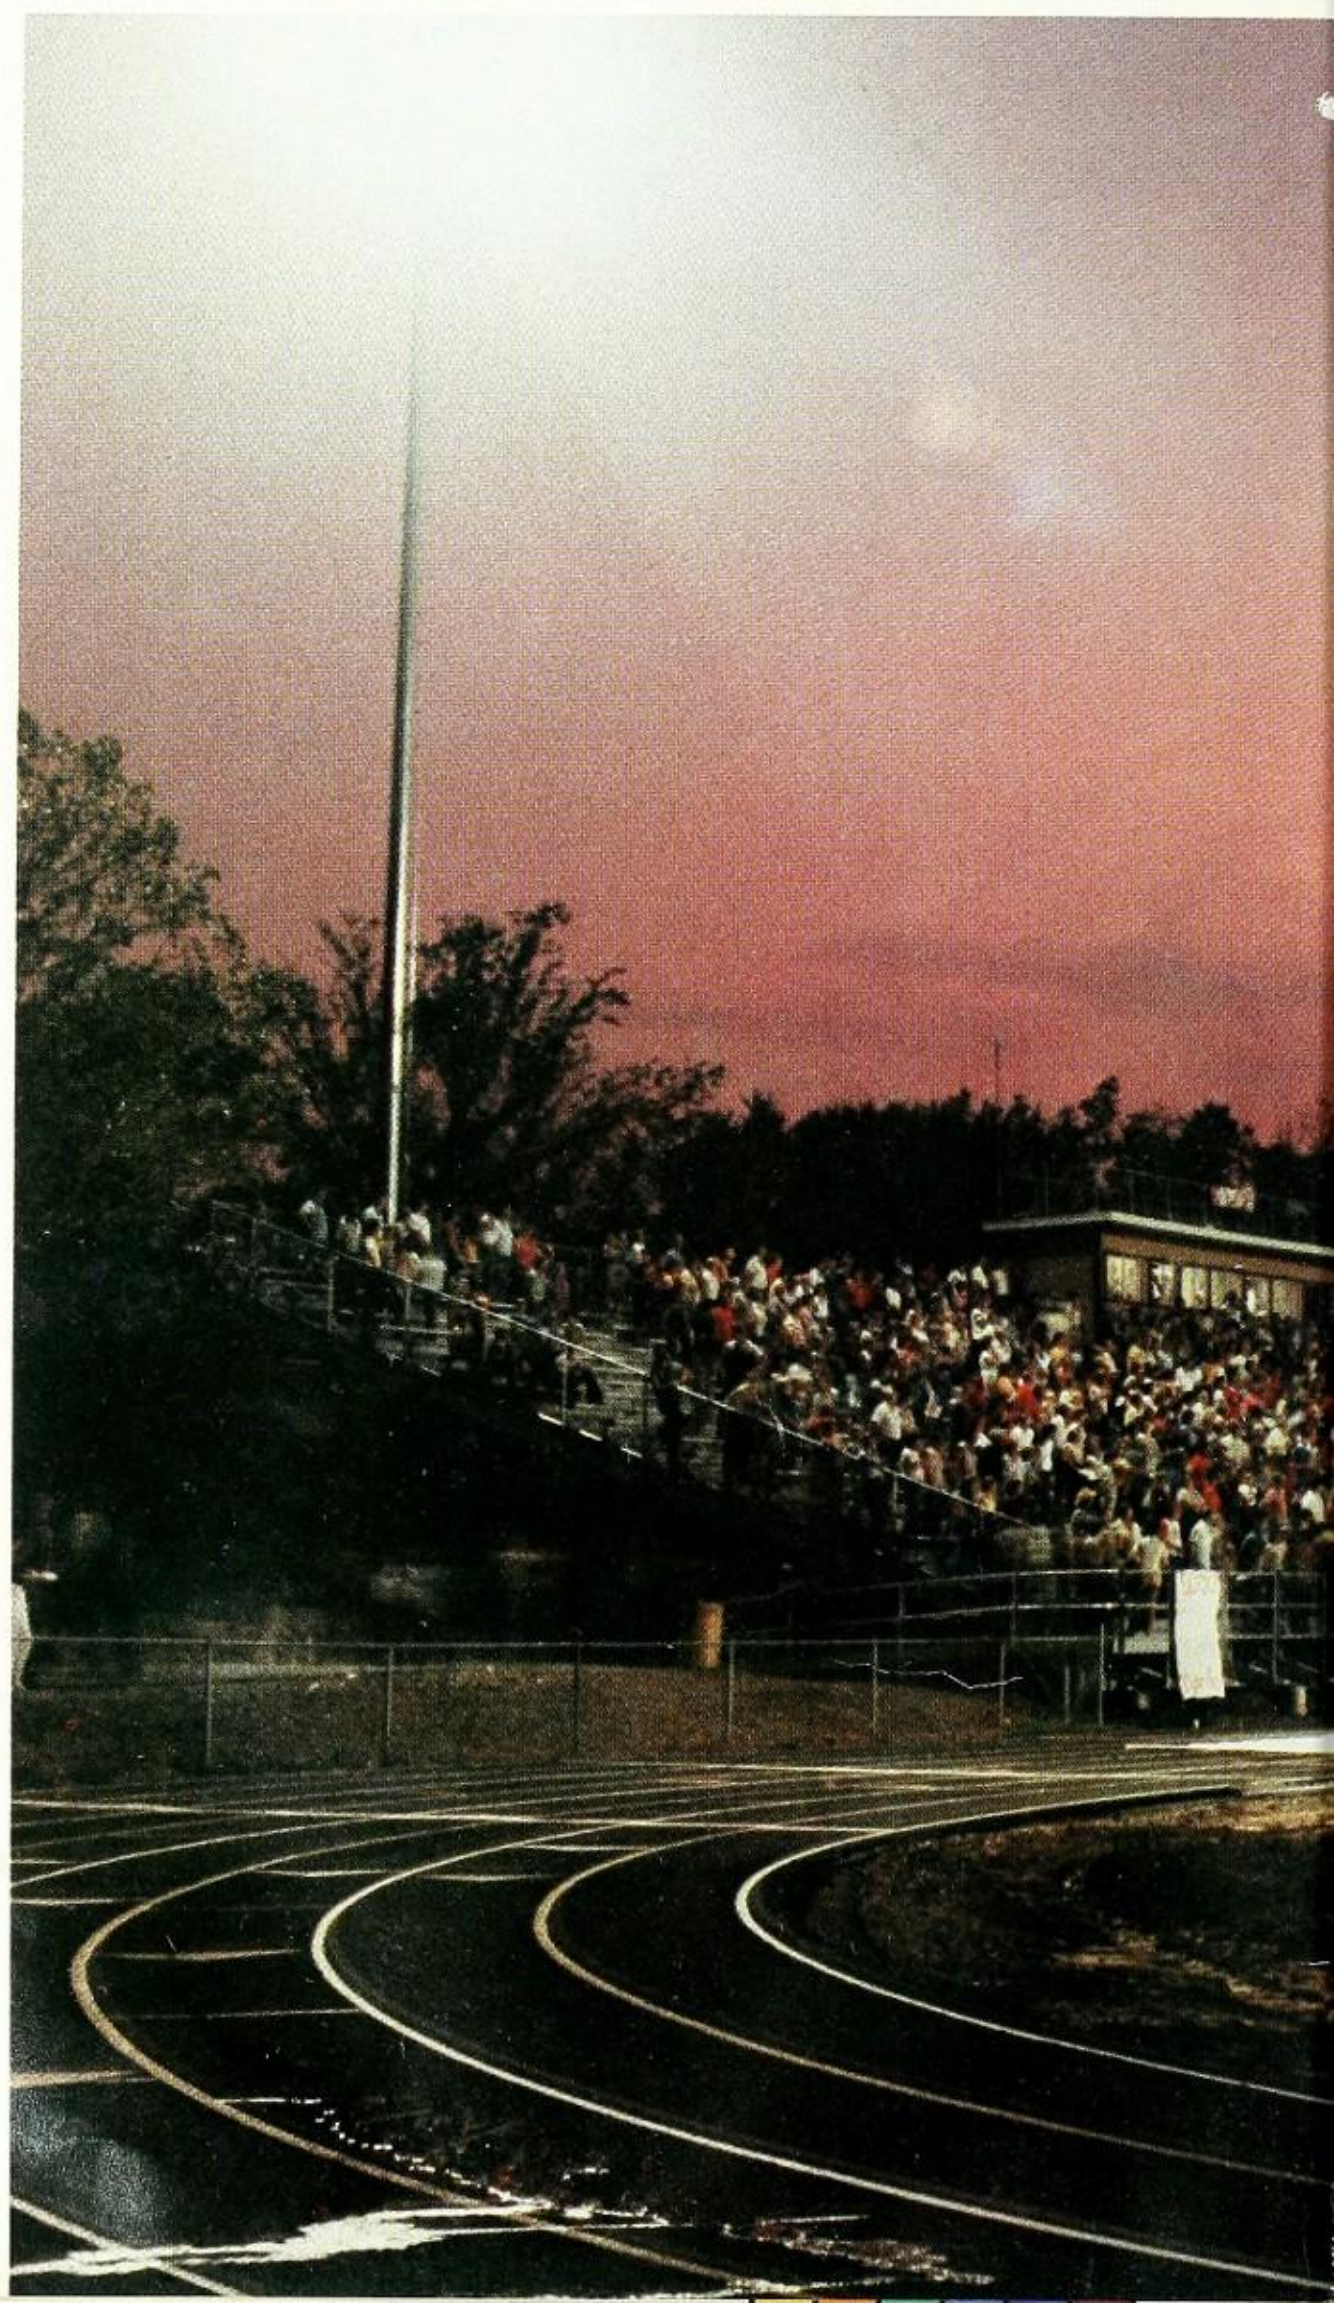

The new stadium was built a little at a time over the past four years. The only parts not quite ready for the football season were the track, the drainage system, and the turf around the edges of the field. The grass on the field was a little thin because of the lack of rain over the summer. Otherwise the stadium was ready for the football season.

The school really did not skimp on the accessories such as hurdles, starting blocks, and pits. The school bought some of the best equipment that could be found.

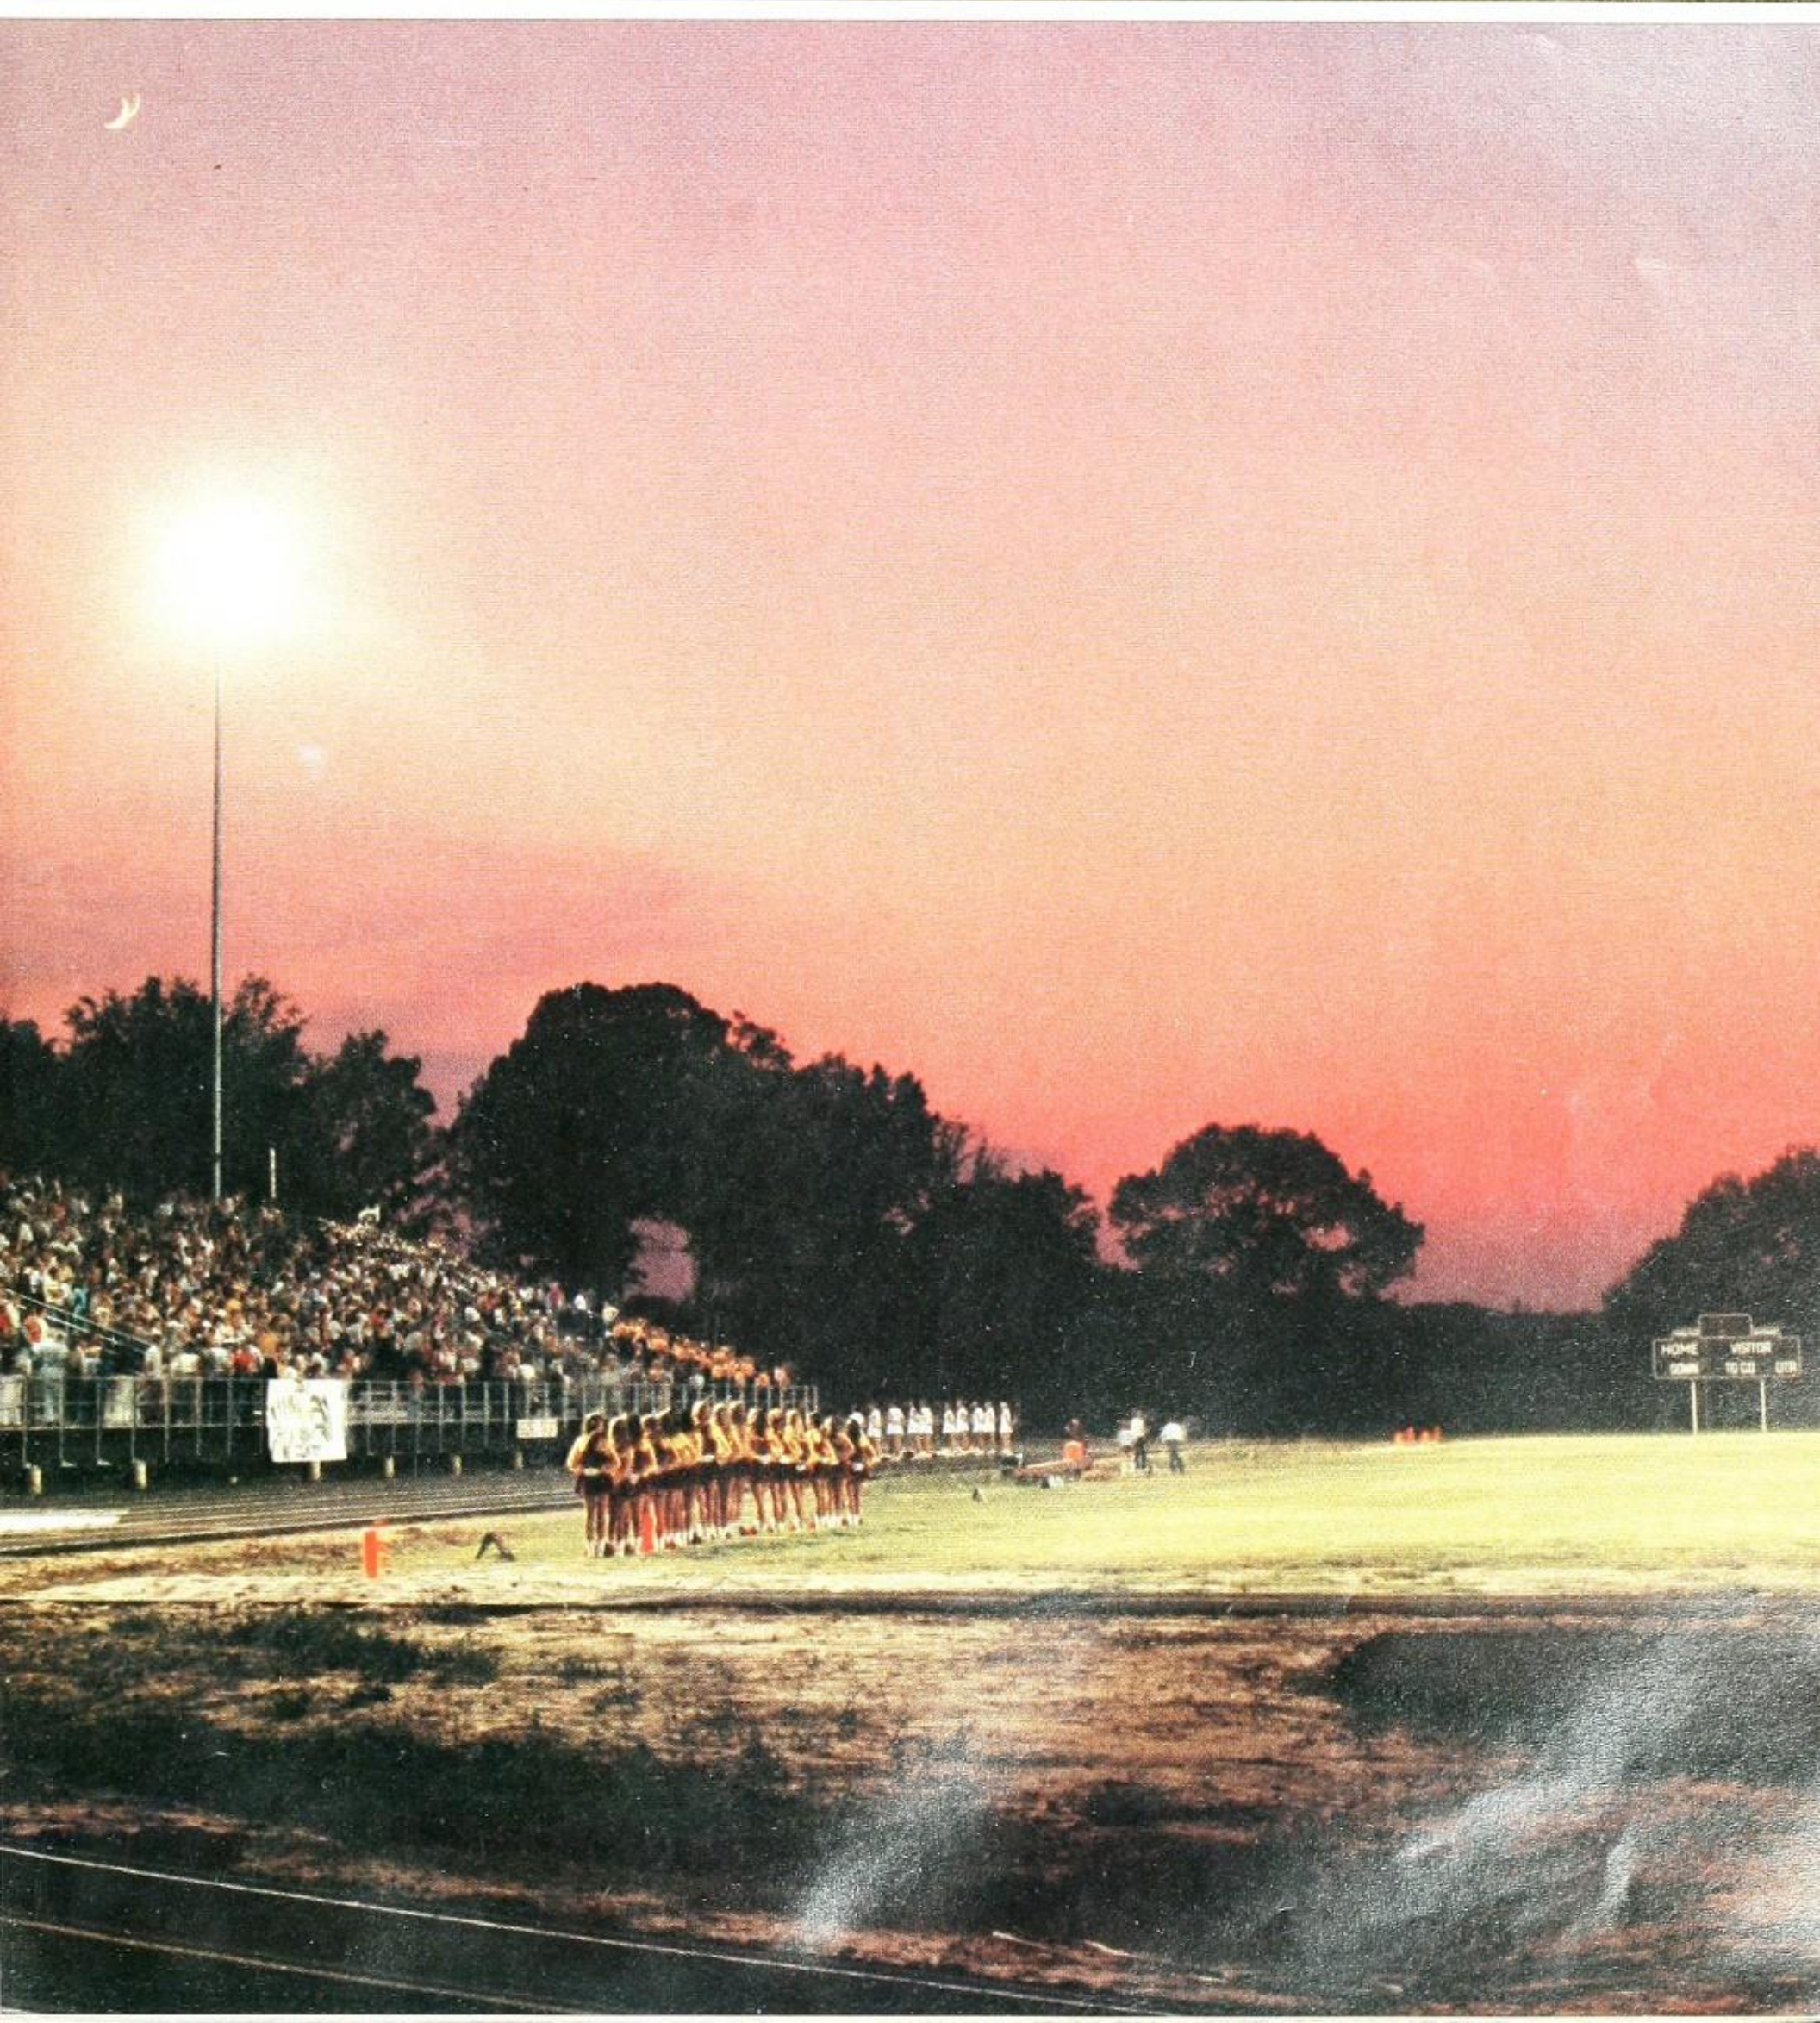

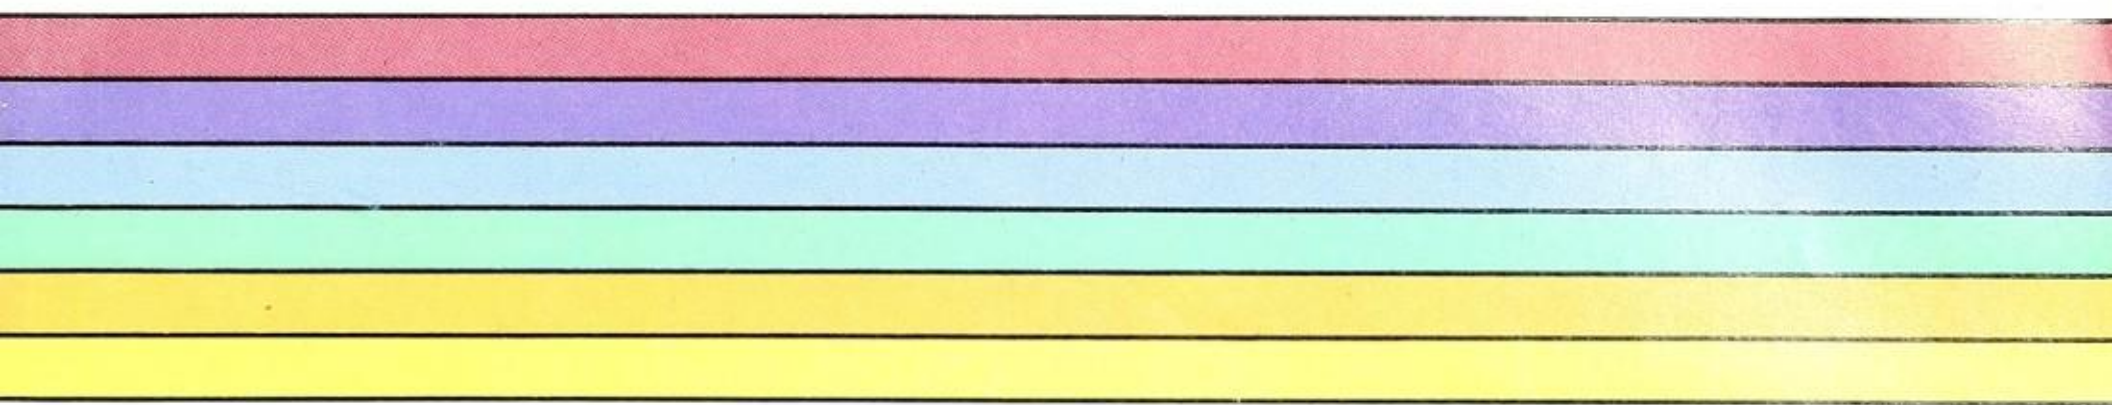

The new, enlarged press box allows more room for the radio announcer, game announcer and teams' coaches on either side. One more advantage of the new field's press box is that the headphones for the coaches are a large improvement over the walkie-talkies of the past.

The last major advantage of the new stadium is that now the track teams will not have to hold their practices at Hot Springs High School.

# Fall Finds Football, Friends, and Fun

On Friday nights, football fever is in the air. At the pep assemblies the spirit is raised to a fever pitch. On the night of the big game, the cheerleaders, the Steppinwolves, the Pep Club, and the football players are ready. The stadium fills, the crowd stands for the National Anthem, the prayer, and the almas. The big moment approaches. The whistle blows, the kickoff is high, and the game begins.

1 - Katrina Tillery and Russell Eudy, Senior '80, wend their way to the bleachers.

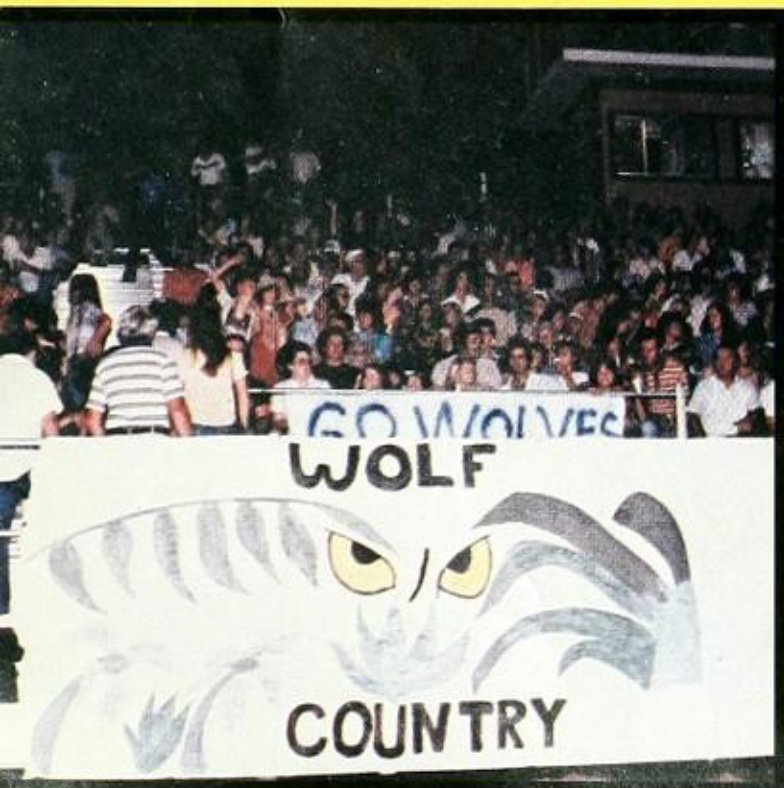

2 - The fans show up to pack the home side of the Wolves' stadium.

3 - Susan Barnes, Amy Higelmire, and Cheryl Dodson start onto the field for their Fame routine.

4 - Super spirit is shown in "Wolf Country".

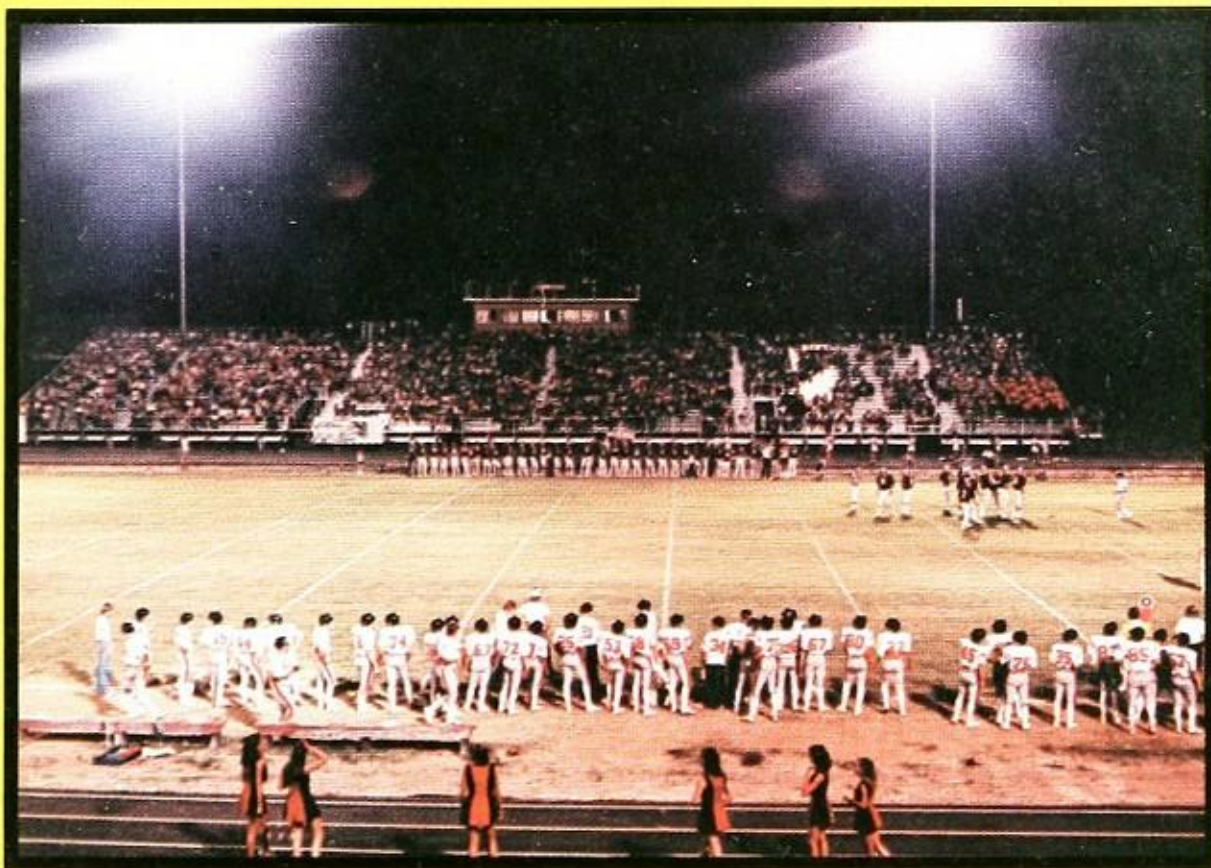

5 - Chantelle Carroll and Lisa Clemmons buy their admission tickets.

6-Delana Hobby, Dee Catlett, Kelly Davis, Tonia Garner, Kim Cannon, Diane McKinney, Michelle Trimue, and Linda Sluppick keep time to the Steppinwolves' beat.

## *Students See Democracy in Action*

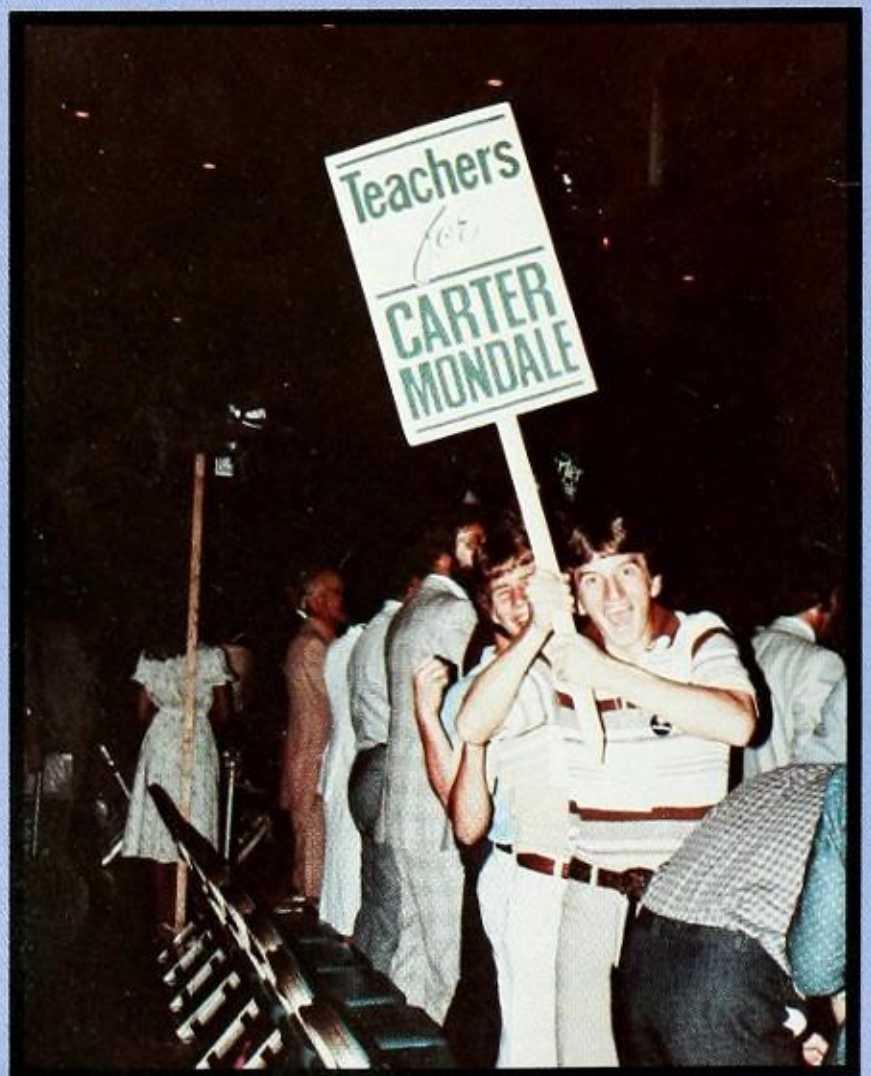

Hot Springs played host to the Arkansas Democratic Convention on September 19 and 20. Having arrived aboard Air Force Two, Vice President Walter Mondale addressed a group of delegates and guests from around the state who filled Convention Auditorium. Lake Hamilton students from both American government classes and the Student Council attended.

Eleven ACE class members worked as pages helping set up the stage and registration areas, registering and seating delegates and guests, running personal errands for the delegates and guest speakers, acting as security guards, and last but not least, aiding with the clean-up. Governor Bill Clinton said "thank you" to those pages who stuck to the bitter end with a lunch at the Sawmill Depot.

1 - Vice President Mondale makes a forceful statement about social security.

2 - Dwayne Webb, Alma Jack, and Kenny Nichols take notes on the many speeches of the day as they gather during a break.

3 - Mitch Harris and Kenny Nichols show their support of the teachers during a "spontaneous" demonstration.

4 - Judy Hawkins, one of the pages at the convention, stands ready to run an errand for any of the delegates.

5 - Mr. Russell represents Garland County as one of our delegates.

6 - The stage is filled with many of Arkansas's Democratic office holders who look on as the Vice President addresses the audience.

## *These LH Students Keep Going & Doing*

Lake Hamilton High School and Junior High Bands, as well as the Steppinwolves, marched in the County Fair Parade. Held on September 15, the annual parade marked the opening of the fair activities. Students from LHHS were among the contestants for both County Fair Queen and Rodeo Queen.

From July 20-25, Kim Slagle was among 61 Student Council officers who attended Couchdale Leadership Training Center. She sat in on classes about fund raising, project planning, organization, and many others, and sang in the Song Fest/Talent Show.

After attending the Regional Tryouts at Henderson University this past summer, the LHHS Concert Band continued on to Russellville for State Competition. Under the direction of Mr. Julian Herring, the Concert Band obtained straight one's. The members returned home with perfect marks once again.

MSQ 81 002 #1

Over the week of July 28-August 1, 1980, Mr. Melvin Daniel took 20 FFA boys to Camp Couchdale for a week of competition between various FFA chapters from around the state. They competed and placed in the top two of not only baseball, volleyball, and horseshoes, but also in swimming events, tennis, ping-pong, wrestling, and row boat races. They proudly came home with a 2nd place Sweepstakes plaque.

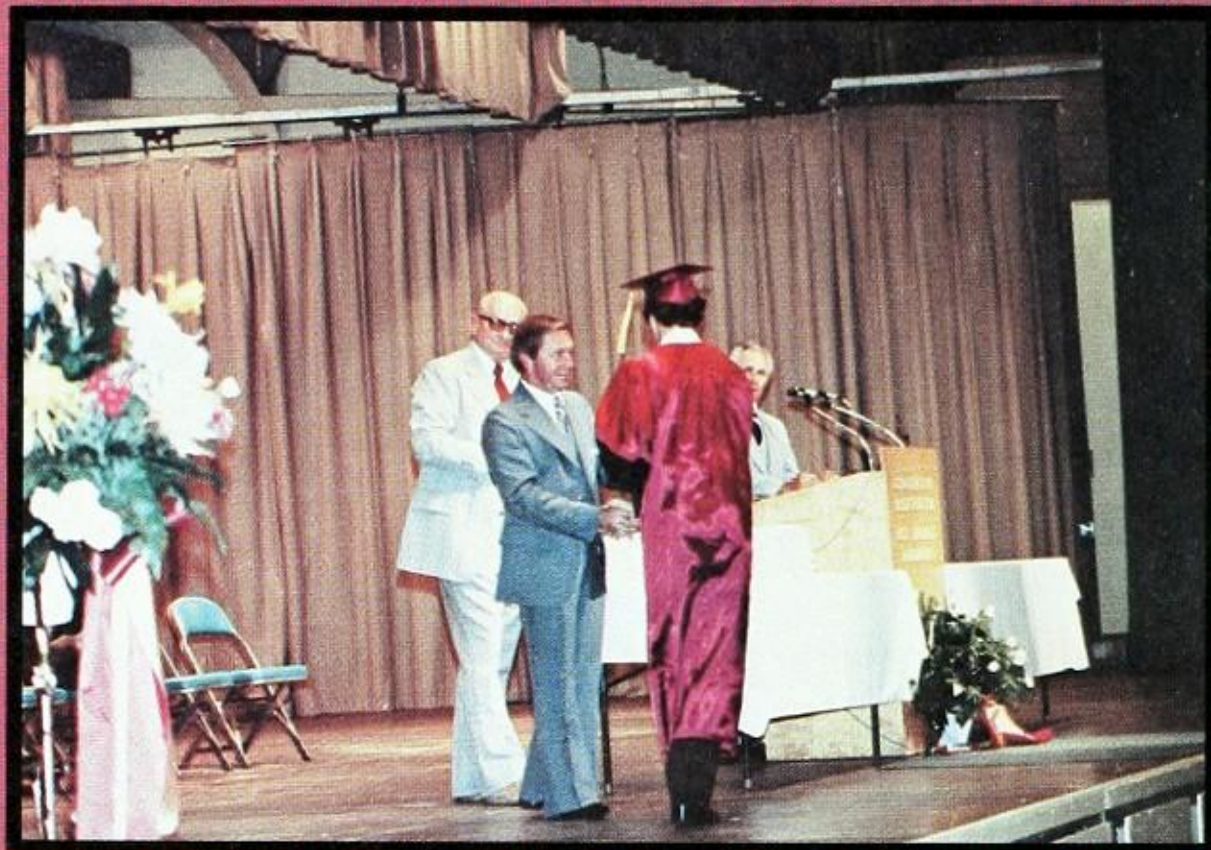

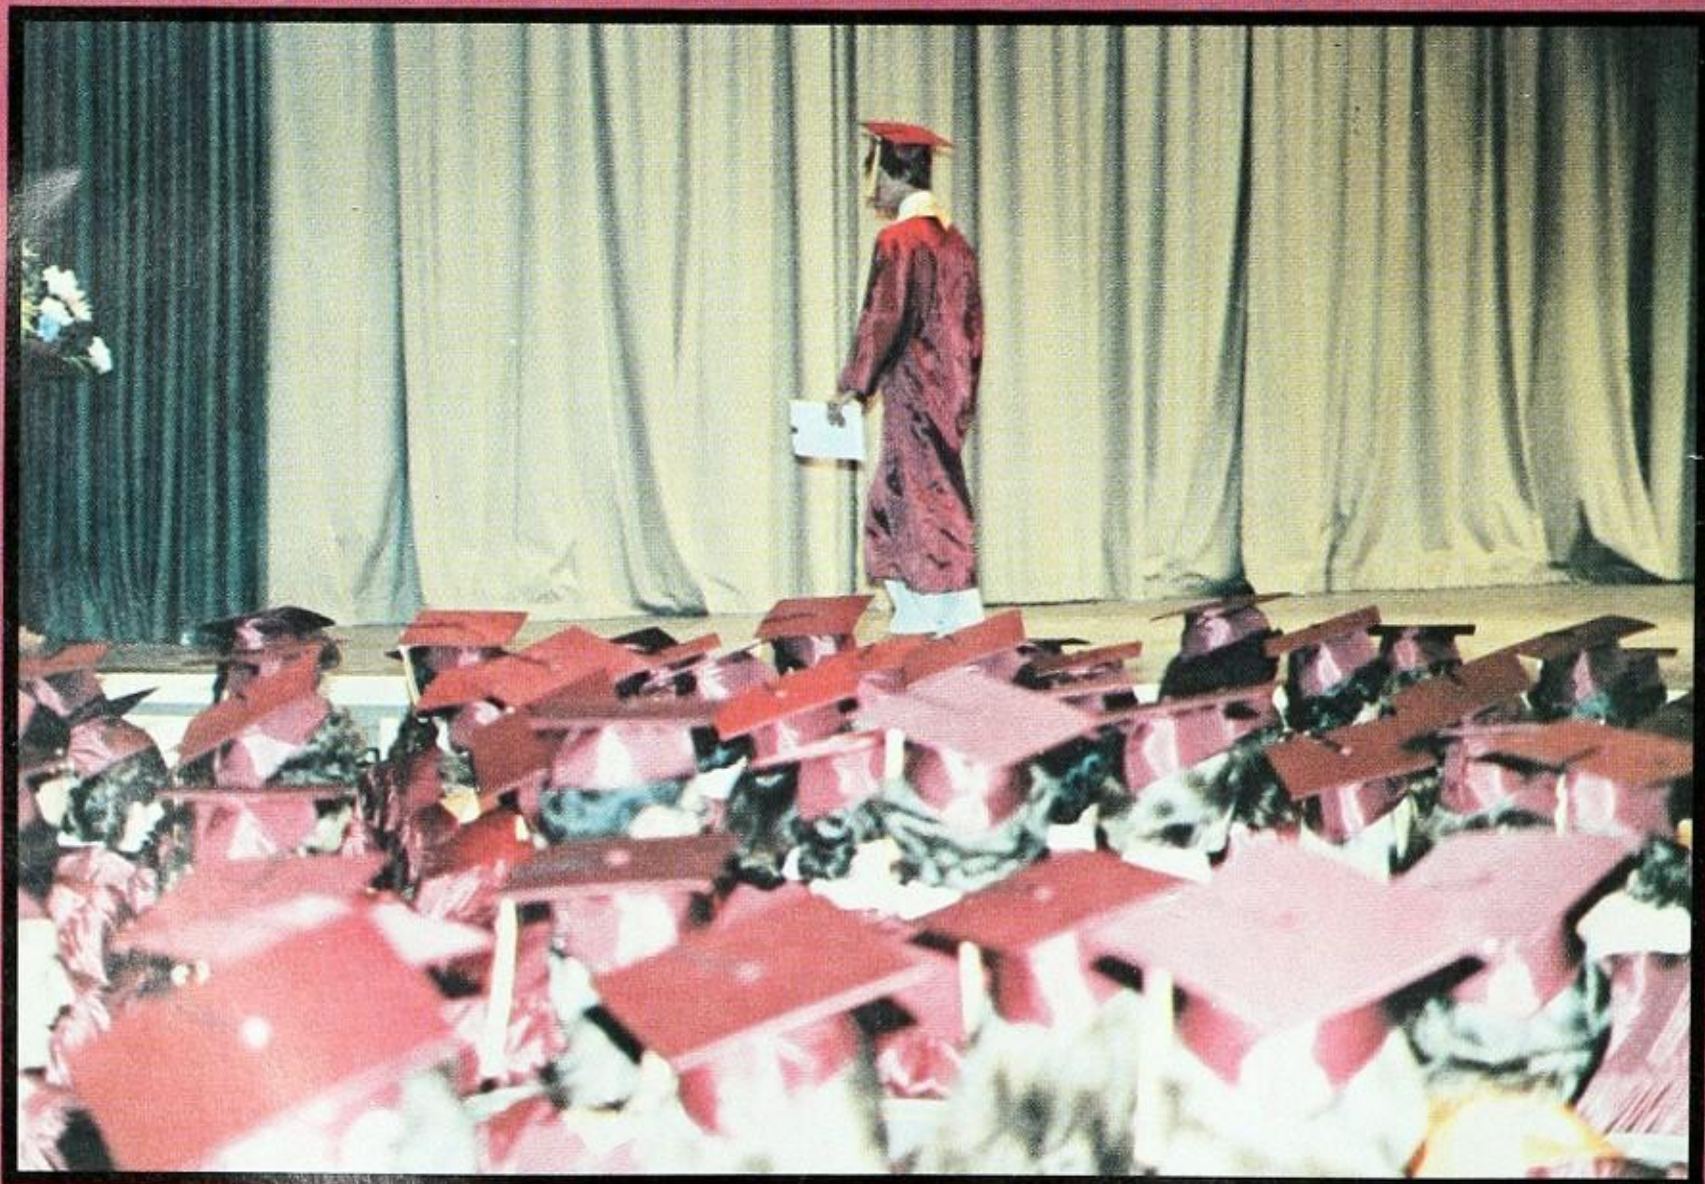

# Our Futures Lie Over the Rainbow

Each May an excited, yet sad group of LH students, dressed in maroon caps and gowns, gathers in the Convention Auditorium. Each is anxiously awaiting his name to be called for the long walk across the stage to receive his diploma. This occasion marks the end of so many things - good times with classmates, ball games and pep rallies, Prom and Homecomings, classes and teachers - an entire era of their lives. They sing the alma mater for the last time together, turn their rings around, and throw over their tassles. So begins their adult lives and another step is taken toward the end of their rainbows.

1

2

1 - Mr. Harry Carter and Mr. Wade Spainhour hand out the diplomas on graduation evening.

2. - A sea of graduating seniors look on as their fellow classmate proudly walks away with his diploma.

## ***Alma Mater***

Dear old L.H. High we salute thee,  
And we give thee all of our praise.  
To thee we will sing our alma mater  
Until its dying days.  
We will cheer her on forever,  
Oh, let our voices ring true.  
May our hearts be ever loyal  
Dear old L.H. High to you!

Shawn,  
Well girl, It's been a great  
year and I'm super glad  
that we have become such  
close friends. We have so  
many good times behind us  
which I'll never forget. We're  
gonna have to go skiing a lot  
this summer. You're super sweet  
and I'll look forward to going  
up to California this summer  
to see ya. You're gonna have to  
introduce me to some of those  
good lookin' guys up there. I  
really hope that you & Wayne  
get back together, I know you'll  
will one day cause you'll both  
love each other very much.  
Good luck with the future  
and I hope we remain the  
best of friends! I love ya,  
BFFA

**Enthusiasm is contagious. If someone starts yelling and cheering in the bleachers for the team, or at a pep assembly, don't you want to stand up and cheer too? We are enthusiastic about many things. Classes, activities, and events are just some. Many people are just enthusiastic about being alive. It is a very positive thing and fills your whole body with a warm, happy feeling. In short, enthusiasm is contagious - so catch it!**

Brown,  
It's really been fun getting to know you this year. We've really become good friends. Maybe this summer we can get together this summer and go to the lake or something (Party)

Love Always

## ***Pep Club Persuades the Pack***

Pep Club plays an important role in helping to boost the spirit and morale of the student body at LHHS. It serves as a stepping stone for future cheerleaders and drill team members. After becoming a member of this organization, most of the girls feel that they are a more important part of our school spirit.

As this year's Captains, we have been pleased in the size of our group and their enthusiasm at the games. We have enjoyed working with the girls and we hope next year will be as great as this one.

# Loud . . .Louder . . . Loudest! ! !

In the year 1980 - 81, ten new cheerleaders were chosen to raise spirit and promote good feelings throughout the student body and the teams.

The cheerleaders began their work during the summer. They practiced two weeks, twice a day - long, hard practices in the middle of the summer - and attended camp at the University of Arkansas for a week. Hard work definitely paid off for our Wolf cheerleaders. They returned from camp with five superior ribbons, one excellent ribbon and one outstanding ribbon. They were nominated for the district championship and were picked in the top ten of more than seventy squads. They also brought home a spirit stick proving that their spirit is always high!

As you can see, there is a lot more work involved in being a cheerleader than one would think. It takes high spirits, determination, and lots of cooperation. The cheerleaders practice every day sixth period and Thursday afternoons in order to prepare for the upcoming games. They provide the "Wolf Team" with favors, and display their spirit with signs, chants, and cheers. We commend you cheerleaders for yelling *loud, louder, and loudest!!*

# Steppin' Wolves Perform

Practice, practice, and more practice. That is the motto of the LHHS Steppin' Wolves.

What are the Steppin' Wolves?- a selective group of girls chosen in May to represent Lake Hamilton with a spirited steppin' style!

They perform during pep rallies, at home games and are often asked to perform other places.

Their sponsors, Mrs. Jones and Mrs. Black, supervise their work 3rd period, perfecting their difficult routines. The Steppin' Wolves display style, co-ordination, and smiles!! More than anything, they enjoy what they do-and it shows!!!!

The band plays . . . a cheer is lead . . . the excitement builds . . . Cathy steps up to the microphone . . . Roger introduces the drill team . . . there is a pep talk . . . the Alma Mater is sung . . . and the crowd files out, back to class. Another pep assembly is over. Pep assemblies are for everyone, and everyone should participate. A reputation for the school is made partly by the spirit it exhibits, and spirit building starts with the people in the pep assemblies. Lake Hamilton students always exhibit a lot of spirit and the pep assemblies are always great. 1980-81 has been no exception!

# The Queen Reigns!!

**What A Kiss!**

**"Flowers, For Me!"**

**"I Love You Guys!!"**

"On the Road Again" was a perfect title for the 1980 Homecoming. From the time I found out that I was chosen to represent the Football team until the minute after the dance, I didn't stop. I kept very busy, but it was well worth it. Everything was perfect that day: the gym, along with the victory of the game, 18-7. This is something I'll never forget! Thanks again!!

## What Homecoming Meant to Me . . .

Cynthia Wacaster - First of all, being able to represent the Pep Club. Second, walking down the court and field, the pictures, and my hooped formal dress. Last, but not least, was the enthusiasm and the winning game. When it all adds up, it was like a "Dream-Come-True."

Lori Bell - I felt excited and honored when the drill team picked me to represent them in our Homecoming.

Linda Sluppick - Homecoming was a very exciting day for me. It was an honor that I never dreamed I would have. I was very happy to represent the Lake Hamilton High School Cheerleaders.

Terri Hornbeck - I really appreciate the Band selecting me as their maid and I think it's one of the nicest things anyone has ever done for me. Being chosen was one of the reasons that made my senior year the best of all my years at Lake Hamilton.

Kandy Knox - Ever since I've been old enough to realize what an

honor it is to be on Homecoming court, I've wanted to be a part of it. My thanks go to the football team for giving me the chance to represent the Sophomore class.

Kathleen Palmer - Getting picked for Homecoming Sophomore Maid was quite an honor. I was proud to represent our class and football team. I would like to thank everyone for making it such a memorable day.

Diane McKinney - To me Homecoming was a day full of excitement, nervousness, and fun. It is the greatest honor I've ever had and one that I will not soon forget.

Donette Cheek - It was a great honor for me to be selected as homecoming maid. The whole week was filled with excitement and a lot of fun. It was a very happy experience that I will always remember.

Patrice Lively - Homecoming was a great privilege for me, representing the Senior Class of 1980-81. I consider it a very great

honor. Anyone that gets elected should show great pride in having been selected.

Michelle Trimue - It was an indescribable experience!! It was such an honor representing a great group of athletes. Then the night being highlighted by an overwhelming victory over DeQueen. Everything was so beautiful! The energy that was put into the day and night activities by the school will never be forgotten.

**HOMECOMING** - the return of a group of people on a special occasion to a place called home.

This pretty well describes the idea behind our own LHHS Homecoming, and there were many people who turned out for this special occasion. The stands were filled by fans with hot chocolate and warm blankets. The lights were bright and brought the only warmth to an otherwise windy evening.

The Wolves, the cold, the festivities and the anticipation of the dance made for a fantastic Friday.

Everyone was involved in the exciting evening. The Queen and her maids made a pretty picture sitting atop a float, braving the cold to cheer on the Wolves. The Wolves, fired up despite the weather, were ready to fight! fight! fight! And fight they did, by trouncing the Leopards 18-7.

The crowd roared as the points were scored. The spirits were high and there was a sense of merriment in the atmosphere.

Homecoming 1980 was a joyful and special occasion!!

## *1980 Royalty Radiates*

# Exciting Extras . . .

1

A week of spirit excellently defines the week of October 20-24, Lake Hamilton 1980 Football Homecoming. The Queen and her royalty were chosen two weeks ahead of time in order to be ready for the festivities. Student Council presided over the activities. They planned a host of things to capture our attention and build our enthusiasm. On Tuesday, hat and tie day; Wednesday, overalls; Thursday, run over the Leopards; Friday, maroon and gold day. Each day held an aura of anticipation for the coming game.

Thursday night we changed the scene and tried an old-fashioned Bon Fire. The fire was bright and the sparks were generating from all directions. Cheers were heard from the cheerleaders and pep talks were given by Tracy Beggs and Keith Rowland. The spirits were high and excitement was easy to acquire. As the great expectation of the coming game hung heavily in the air.

1-Kim Slagle, Jeanne Myers, Larry Russell (Student Council Sponsor), Cathy Myers, Larry Snyder, Susan Batterton (Student Council Sponsor), and Scott Connelly help "light the fire" to "burn the Leopards." The fire begins and blazes as spectators and cheerleaders watch awed by the flames.

2-A pretty picture is made from fire light silhouettes.

3-"De Queen" Dwayne Webb is escorted by feminine football players.

4-Rough and tough Lake Hamilton players attack "De Queen" as Todd Lucas views the sight

5-Kandy Knox, W.T. Johnston, Mike Tankersly, and Tandra Barrett sittin pretty for a little picking and grinning!

Friday, the big day had finally arrived. The excitement was seen in the faces of everyone. Student Council workers were busy making preparations for the enchanted walk across the gym.

Everyone held a piece of excitement in their hands. The Queen, maids, and escorts were excused third period to make themselves ready for the ceremonies. Sixth period seemed hours away as everyone awaited the big event.

Finally the big moment arrived.

The band started playing, the cheerleaders started cheering, the Steppin-wolves started stepping and the crowd started swaying with anticipation. As the maids and escorts started their journey down the walk, the excitement began to build, and climaxed as the Queen made her walk to the throne, accompanied by her escorts. As she gave her thanks with tears in her eyes the crowd roared and cameras clicked. It proved to be a successful day!

## . . . Add to Homecoming

5

An exciting day, a victorious game, and to end it all, a big dance. "On the Road Again" said it all for the players, fans, and royalty. Everyone's joy from the victory of the game was reflected in the happy faces of the concerned. The Western atmosphere, plus the cowboy boots, and the country music helped everyone to get into a rip-roaring, foot-stomping mood.

Student Council must be thanked for the decorations and music. Refreshments were served by the Pep Club, and Beta Club provided the drinks for a low-low price of 25 cents. It even felt like the good ole days! Quad Disco in Little Rock provided the music and lights. Pictures were taken by the Davis Pack Company from Little Rock. The backdrop, which was drawn and painted by Angie Jewell, helped set a picturesque atmosphere. Everyone and everything was western and exciting!

# Wolves Go Courtin'

This year, the Basketball Homecoming was definitely not a typical one. Many different clubs took part and made it uplifting and enjoyable. We were treated by an arrangement from the choir and band, and the colors were presented by Peter Clay and Doug Kizziar. The Royalty looked sensational in their long, flowing gowns and you've never seen such handsome basketball players, especially when they're decked out in suits.

The theme this year was based on the 60's and the gym was beautifully decorated. Queen Shelly and her Royalty were pleased with the time that had been contributed to making this one of the best Homecomings ever, and all on their behalf.

The Basketball Homecoming of 1980-81 will definitely be one to remember; it was beautiful, interesting, and quite an experience. Thank you, all who took part.

Queen Shelly Pierce; Escorts Donny Beasley and Bobby Kizziar.

Joanie Crone, Mistress of Ceremonies

As the 1981 basketball homecoming queen, I'd like to thank everyone who helped make this day a success. It was very honored & proud to represent the Lake Umbagog basketball teams. It was a lot of fun and an experience I'll never forget. Thanks again for the 1981 basketball homecoming.

Shawn,  
To a really nice  
and sweet girl that  
I've gotten to know  
and like a lot this  
year. You are a good  
friend and I'm glad I  
met you. You have a  
lot going for you and  
I hope life goes your  
way. Stay sweet.

**Each new game, whether football,

challenges to its players: the  
challenge to win,  
to play the best, and to show  
good sportsmanship. These  
challenges are met not only during each

# Varsity Team Places High in Tournament!

This is the second year for our volleyball team which has made a great improvement over their first year. The team played in twenty-three matches of which they won thirteen and lost ten. A year ago, the team won two matches in their total season which goes to show how much they have improved.

Tina Julseth and Tippi McCul-

lough, both of whom are seniors, placed as All-District players. This is Tina's second year to place in All-District.

Miss Hartsfield thought that the team worked hard and they worked well together. She also stated that Lake Hamilton was represented well. The pride of L. H. stands out once again.

# Water Wolves Make Waves

## *L.H. Swimmer Wins U.C.A. Scholarship*

Self discipline, perseverance, and much endurance is required to be a swimmer anywhere, and especially at Lake Hamilton. Swimmers have to make the trek to downtown YMCA several times a week for a 2-hour workout after school.

Dual meets with Hot Springs High School, and invitational meet at Hendrix College in Conway, the district meet in Arkadelphia, and the state meet in Little Rock, give our swimmers a chance to test themselves against other swimmers in the state and to improve their own personal best times.

Discipline, perseverance, and endurance have paid off in a big way for our 4-year letterman, Tammy Casement, who is going to go to UCA in Conway next year on a full swimming scholarship.

# 1981 Senior Football Players

1

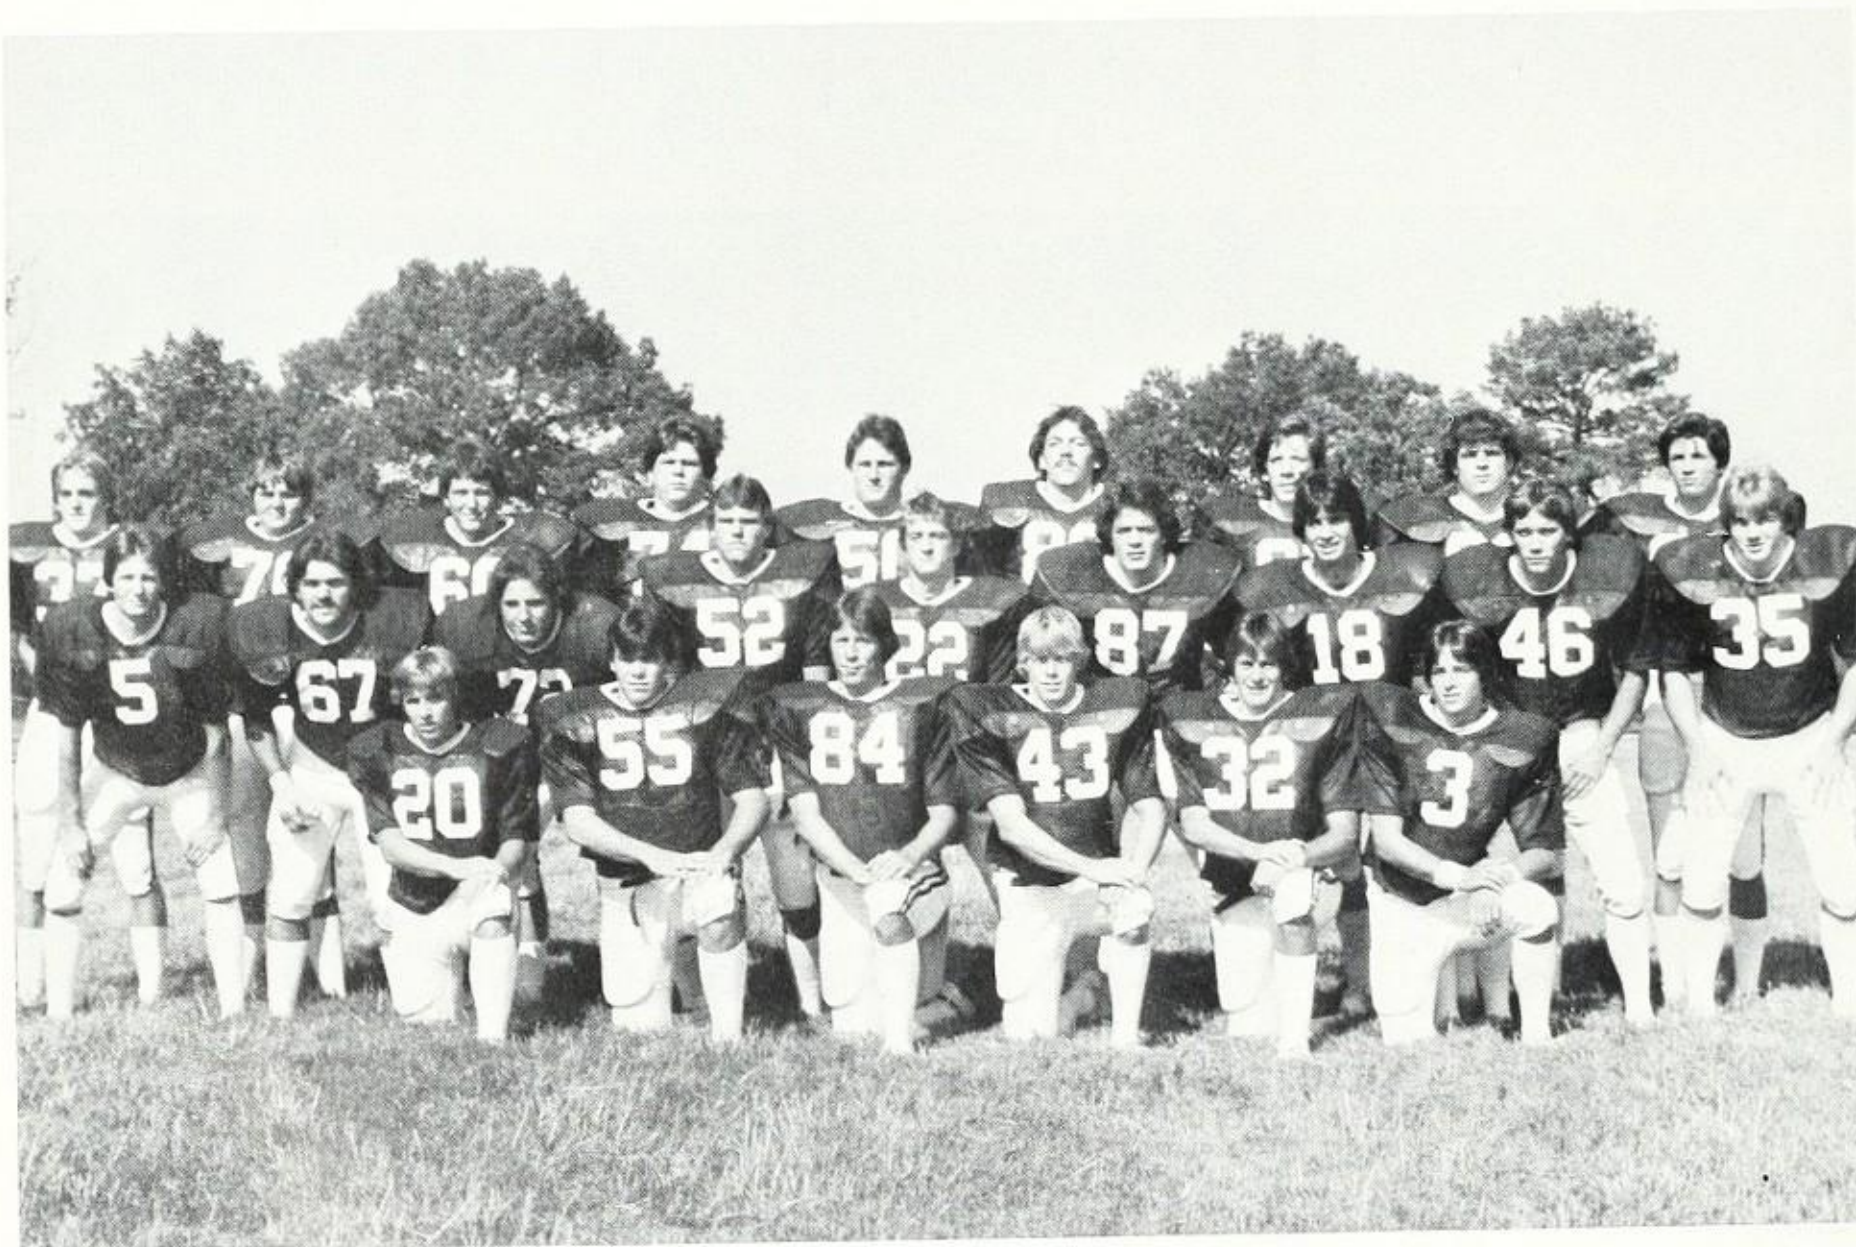

The senior football players for the 1980-81 season put forth a lot of effort and time, both during and after school, practicing and learning plays. The lower classmen look to the seniors for guidance and reassurance when things aren't going as well as they should. This puts a good bit of responsibility on these boys. Most of them have been in football for nine years, and have contributed a lot to the Lake Hamilton football teams from Jr. High to Sr. High, and finally in their final year as Senior Wolves. They have tried to set a good example for the rest of the team and have accomplished a lot during the past nine years. Lydell Lively and Richard Cheek were chosen by the other players as team captains for the year. They deserve recognition for the leadership and spirit they have exhibited. Thanks, seniors!

The Wolves went into the 1980 season with a winning attitude. They played the first game this season in the newly-constructed \$240,000 football stadium against the highly ranked Cabot Panthers. Richard Cheek and Russell Huggs combined quarterbacking efforts to complete 11 of 23 passing attempts for 110 yards. Running back Lydell Lively rushed for 47 yards on 12 carries. The team gained 161 yards in total offense. A disappointed crowd left the stadium after a 16-0 loss for the Wolves.

The excitement was high for the next game, against the Searcy Lions. Cheek completed 6 of 12 passes for 43 yards. Wide receiver W. T. Johnston was open for a 7 yard touchdown strike in the first quarter. Lively made a touchdown from 1 yard out in the second period and carried the ball for most of the running plays, gaining 150 yards on 29 carries. The team gained a total 167 yards on the ground and 43 in the air for 210 yards in total offense, giving the Wolves a 12-7 victory over the Lions.

The first 5AAA Conference game for the Wolves 1980 season was also their first game to be played away, a disadvantage to any team. And the disadvantage took its toll on the Wolves as they lost to the Sheridan Yellowjackets, 28-0.

The Wolves fell to a disappointing 33-0 loss to the Arkadelphia Badgers. Part of the credit for an "off" game can be given to the fact that L. H. went into the game with a number of costly injuries.

The rivalry between the Wolves and Lakeside's Rams continued this year. The end result wasn't as good as Wolf fans had hoped for, but both teams played a good game. W. T. Johnston and Richard Cheek switched positions for the night; Johnston being quarterback, and Cheek being slotback. Johnston made a 15 yard pass to Kelly Robbins, and another 36 yard cross field strike to Robbins. Lively scored from 5 yards out. Then after an offsides penalty against Lakeside, Lively ran 3 yards,

## Players Perpetrate

making the score 10-8. Lakeside kicked for 3 points, and the game ended with a final score of 13-8 in favor of the Rams.

In the battle against the Bryant Hornets, the Wolves took the lead as Lydell Lively made a 3-yard run for a touchdown. Keith Greenfield kicked a 26 yard field goal, making the

half-time score 9-3 with the Wolves on the winning end. The Hornets pulled ahead and won the game 10-9. It was a heartbreaker for the Wolves. Although the Wolves lost, however, they outgained Bryant 260-187, holding a 200-123 edge in rushing. Lively led the rushers with 15 yards. W. T. Johnston completed 4 of 12

# Pigskin Pile-up

passes for 60 yards. Noseman David Starnes had 10 unassisted and 2 assisted tackles. Joe Laval and Russell Neese had 6 unassisted and six assisted tackles apiece.

The Wolves traveled to Clarksville to play the Panthers on their home turf. The Wolves gained 81 yards in 11 plays for a touchdown on

the first possession. Quarterback W. T. Johnston found slotback Wade Jones with passes of 5 and 13 yards and Kelly Robbins for 9 yards. Lydell Lively ran 42 yards down the left sideline before being flagged down at the Panther 16 yardline. He then made a touchdown, gaining 6 more yards, and giving the Wolves a 6-0

lead. Keith Greenfield kicked the extra point making it 7-0. Lively led L. H. rushers with 103 yards on 12 carries. The Wolves had 186 yards in total offense, 126 rushing and 60 passing. The Wolves lost 14-7. The Wolves went into their homecoming game with a confident attitude, and their confidence was not in vain as they beat the DeQueen Leopards 18-7. The Wolves scored on a 38 yard field goal by Keith Greenfield and a 70 yard punt return by Lydell Lively in the first quarter. L. H. moved the ball 59 yards on its second possession for a Greenfield field goal. W. T. Johnston passed 38 yards to Greenfield and three plays later, with Kelly Robbins holding, Greenfield kicked for 3 points. Lively went for a touchdown. The kick by Greenfield was wide right. Greenfield kicked a field goal in the third quarter for an 18-7 L. H. lead. The Wolves kept the game in control from then until the end of the game.

The Wolves tied the Nashville Scrappers 6-6. Lively ran 113 yards on 24 carries and had 173 yards rushing. Johnston threw 11 passes for 42 more yards. The game was a back-and-forth battle, and it stayed that way to the end. Neither team was shown up by the other in any area.

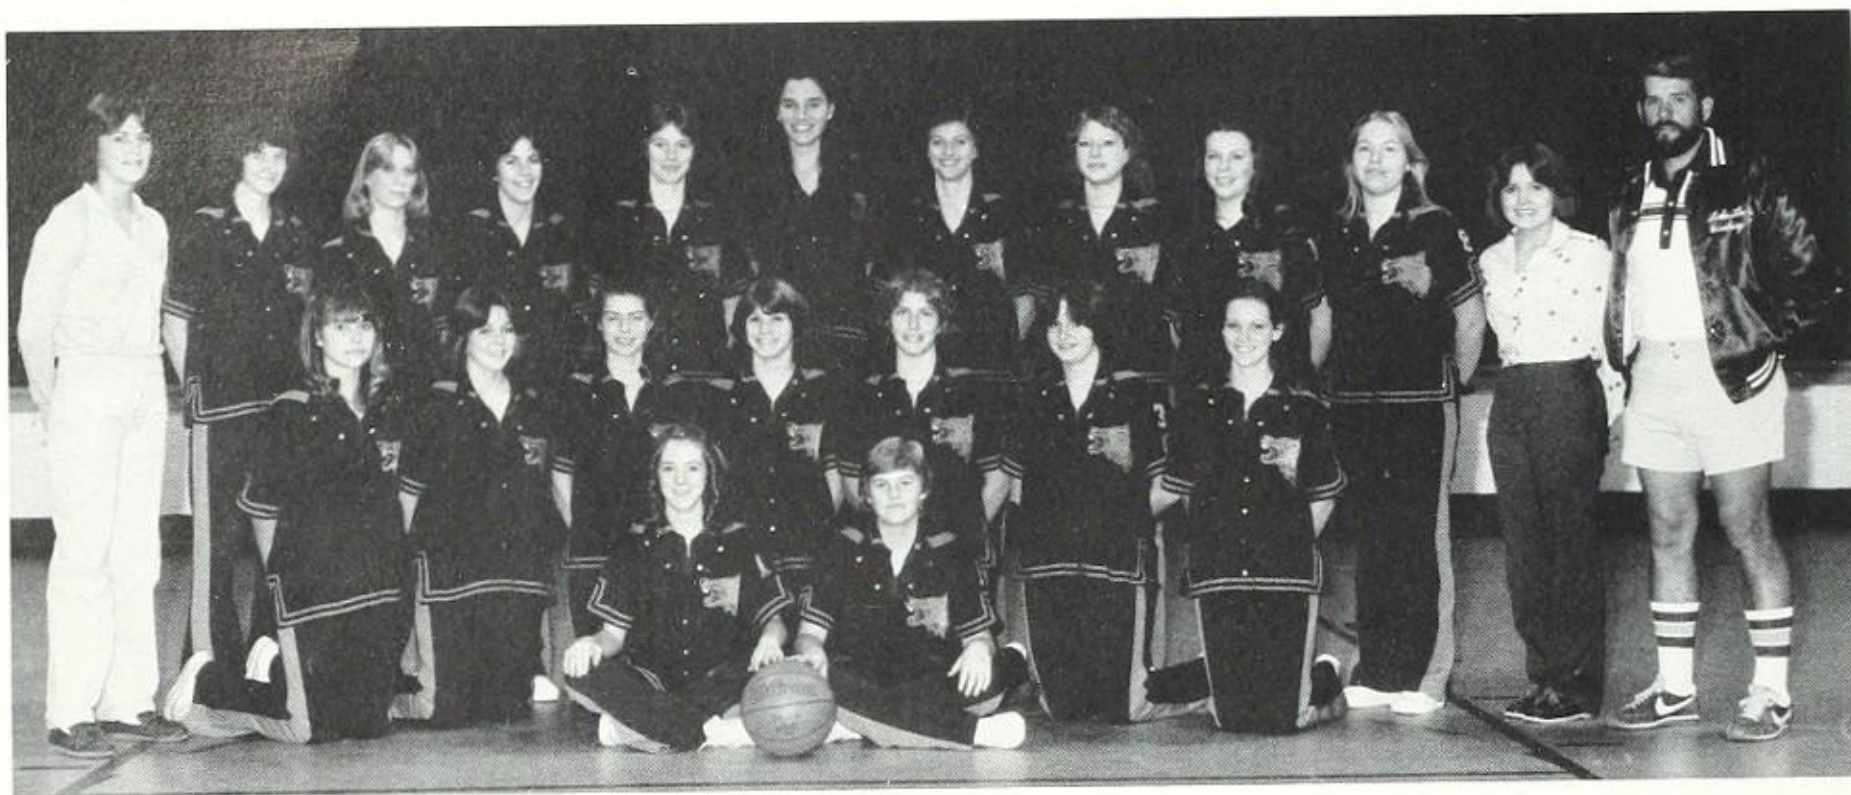

The last game of the season was a heartbreaker for the Wolves. They played hard and had a lot of team spirit, but lost to the Malvern Leopards 35-0. This brought the seasons ratings to 2 wins, 7 losses, and 1 tie, a disappointment to the Wolves and especially to the senior players. This year hasn't been one of L. H.'s better years in football . . . but, look out next year!

## *Lady Wolves Continue Winning Ways*

The Lake Hamilton High School Lady Wolves have incorporated the rules to formulate a game of their own. The Lady Wolves are a combination of experience; practice, and ultimate enthusiasm. Two strong seniors, Tippi McCullough and Donna Thornton, guide the Lady Wolves, leading the scoring and rebounding efforts. Juniors Mary Cearly and Sherry Brown also stand out in scoring abilities combined with the outstanding defense of sophomore Tamra Barrett. Juniors Shannon Merriott and Mecheal Walls also contribute to the team's success.

The size of the Lady Wolves is a contributing factor to the success of the team. They have developed a good defense, are prone to start slowly, but come on strong towards the middle and end of the games. You could say they build to an exciting climax, a sure guarantee for an action filled basketball game.

The all-summer practice from 9-12:00 plus night practice from 6:30-8:00 has definitely paid off for the Lake Hamilton Lady Wolves. The Lady Wolves display a sound ball game with a "fine" shooting performance.

Coach Boley is a well respected coach from the girls point of view. They also think he has sexy legs and really cute knees!! He is a friend who works with them, and for them. Although he is said to yell a lot, he also gets very excited about the team's successes and down fallen, but determined at their losses. He is a strong coach to direct a strong team.

Donna Thornton talks about the team: "We as a team, stick closely together. We become really excited and anxious about each game. Something that helps to loosen us up is that before each game, we sing "Father Abraham" in the dressing room, a short song with limbering

exercises. It reminds us that it's not whether we win or lose but how we play the game. We also say the "Lord's Prayer" before and after each game. We really enjoy playing basketball. That's what makes it special and fun to us. Sometimes, it's hard, making the body go that necessary extra mile. It's really hard to develop and keep a good mental attitude when we are behind. That takes a really positive mind, and Coach Boley really helps us to stay positive."

Mary Cearly talks about Coach Boley: "Coach Boley sometimes yells quite a lot when we are out in

practice. It's easy to get a little angry when he is constantly telling us, "keep your hands up", "move your feet", or "square up when you shoot the ball". We keep working at it, and when you go out in a game and everything clicks and goes great, that's when you really appreciate all the times Coach Boley yells. We know that he is trying his hardest to make each of us the best player we can be."

Coach Boley's favorite quotes: "are you sick"; "good execution"; "move the ball"; "don't foul" (Donna); "look inside"; "my grandmother moves faster than that"; "stop the ball"; "around the circle, girls"; and most importantly, "GO WOLVES GO".

A few words about halftime 1  
from Sherry Brown:

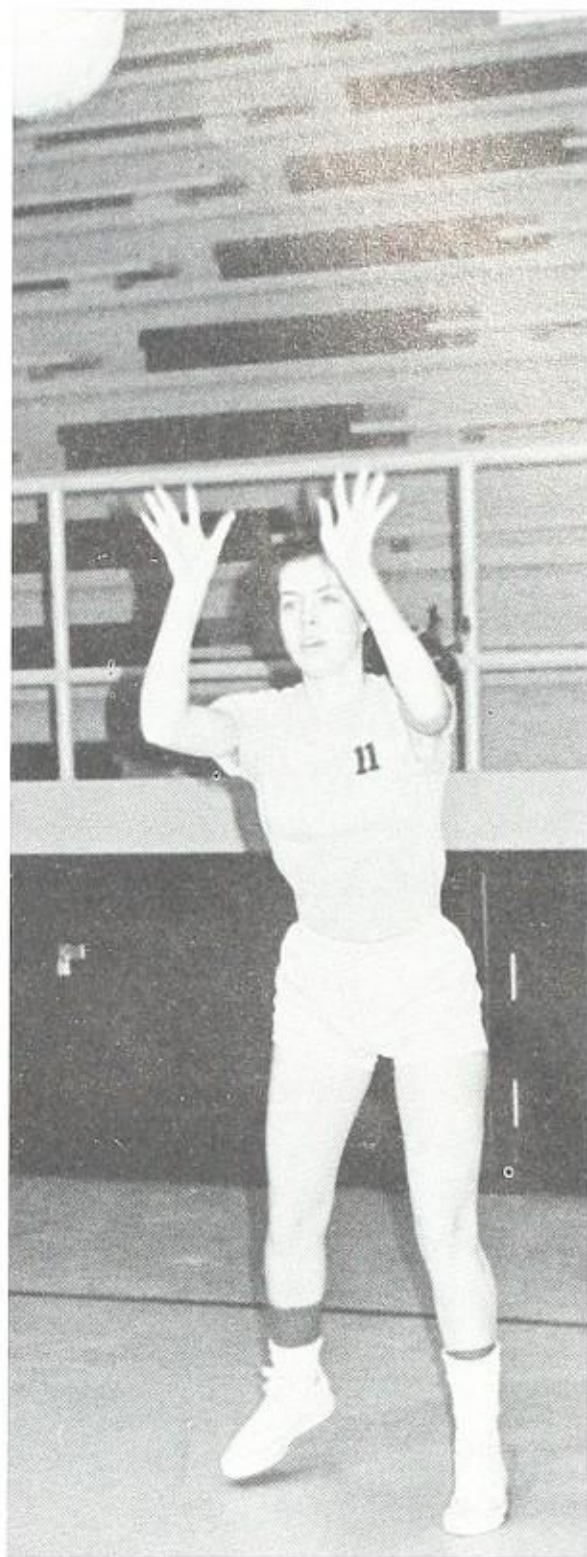

"First of all, he tells us what we are doing wrong. If we are behind, he tells us that we have gone too far to lose now, especially since we have been working extra hard. Then, he shows us the charts and our mistakes and that makes you really want to go out there and show them what you can do."

Tamra Barrett has the following memories from this year's season:

"Mary never knows if we're on offense or defense."

"I'm accused of never knowing which direction to go."

"Clearly Shuffle . . . Coach Boley's term for the secret play no

one else knows but Mary."

"Favorite pastime during practice - Picking on me."

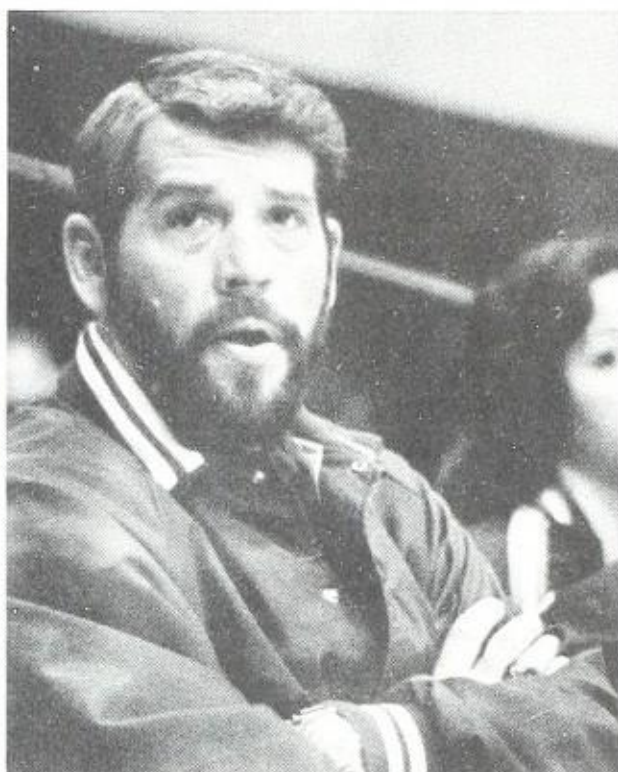

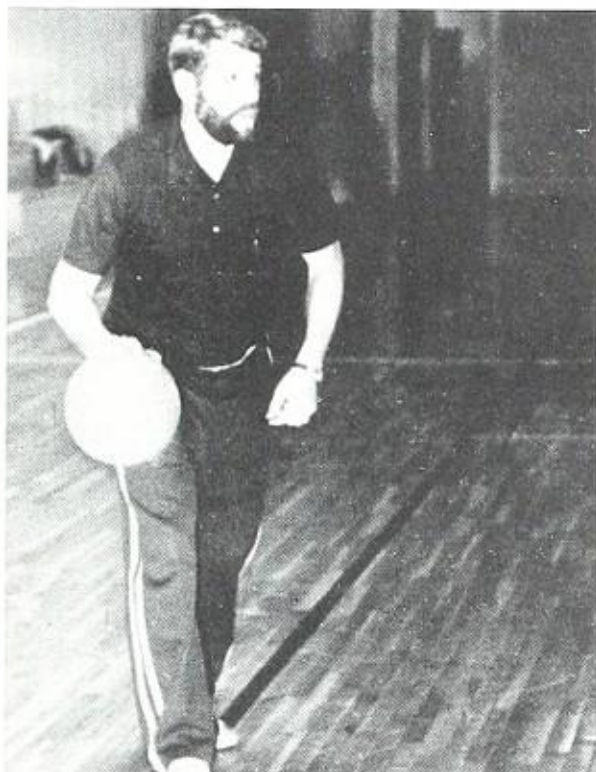

- 1) Donna throwing the tape off her ankle at my head.
- 2) Being thrown in the shower.
- 3) Being undressed and getting thrown out of the dressing room.
- 4) Getting dragged across the gym floor.

Tippi McCullough talks about bus trips:

"We would rather play at home in our own gym but those long bus trips to road games have provided us with lots of memories."

- 1-Tamra Barrett throws to a teammate.  
2-The many faces of Coach Boley.

On the way to away games, we are supposed to quietly psych ourselves up in preparation for the game. That doesn't always happen.

On the way home, especially after a victory, we have a little fun. First of all comes the "jokes" such as "Sandpaper" . . . , some people, namely Shannon Merriott, always get the wild idea to tell Coach Boley, and he usually likes them. Also, sometimes we sing the latest songs such as "Another One Bites the Dust" which suddenly turns into, "White Hall Bites the Dust", after a sound beating.

Road trips can be a danger with having to take your clothes and Basketball bag. There was the time Alma Jack forgot her shorts at the Cutter Morning Star game.

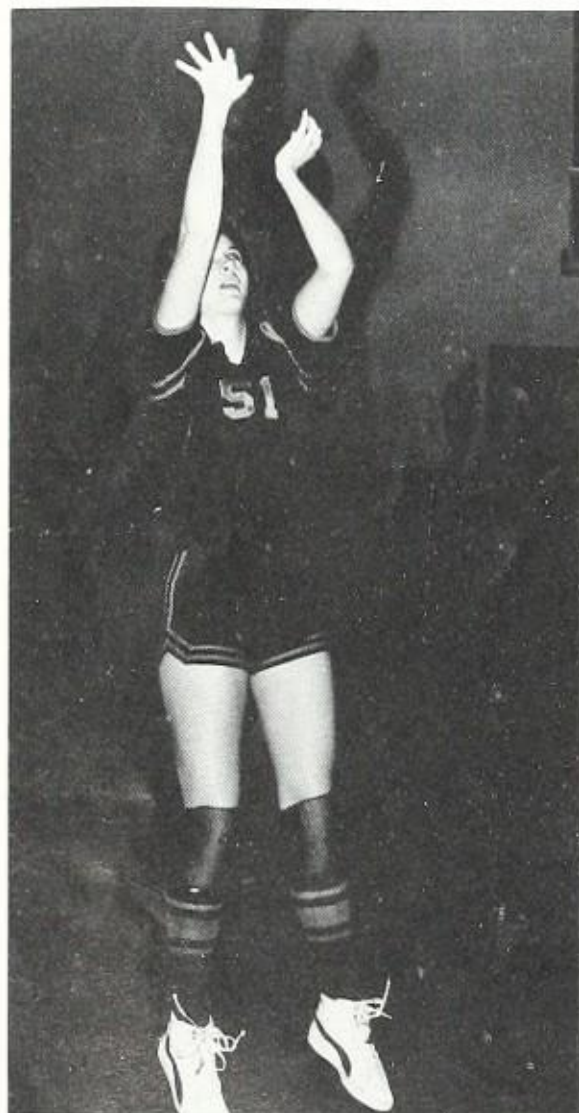

Besides being a team, we are all also the best of friends and when friends get together, (even on a cold bus) there are bound to be some funny incidents."

Here at Lake Hamilton, we take great pride in our school and our Basketball teams. Our boys have put forth great effort this year and with such determination, have captured the hearts of many.

By sharing and displaying his skills in the game of Basketball, Coach Payton has been quite an encouragement. The boys have traveled near and far and have played with precision and ability. Lake Hamilton believes that their team is a big success and in our hearts they are all winners!

We love to run around and dunk the ball,  
After a super move we're "bad", they say.  
It makes us furious to ever lose,  
Sometimes we mess around and make mistakes,  
And in the end this only goes to prove,  
That in this game you have to take the breaks.  
A lot of times you have to sacrifice,  
The things you want to do and like the best,  
Concern and dedication would be wise,  
To face other opponents, is a test.  
To play the game you have to know the moves,  
And when you do, they say you're "in the groove".

Almost every event in track involves running. L. H. girls track consists of dashes, relays, 880 and mile run, shot put, discus throwing, long jump, high jump and hurdles. Many of these girls compete in more than one event during a single meet.

To run track takes a lot of self-discipline, duration, strength, and constant practice. These characteristics are notable in athletes of L.H.

# Leadership Knowhow

There is a time to lead. It is now.  
 There is a time to think. It is now.  
 There is a time to believe and  
 become and behold.  
 Time is a measure. The mind is a  
 measure.  
 Leadership must be a measure of  
 the time of your life—  
 Because now is the time to LEAD.

Future Business Leaders of America is a national organization serving students preparing for careers in business. The FBLA plan of organization includes local chapters, state chapters, and the FBLA national organization.

At the local level, money making projects are organized to raise money to go to the district and state conferences.

At the district meeting on March 6th at HSU, representatives for our 41 members will compete

with contestants from 38 other schools in the following events: parliamentary procedure, poster, business communications, job interview, extemporaneous speaking, public speaking, economics, office procedures, business mathematics, accounting, typewriting, and shorthand. The Lake Hamilton chapter has brought home 7 district awards during the past 2 years.

The State Leadership Conference is April 24-25 in Little Rock. Here winners from each district will

compete with winners from all over the state.

The 1980-81 national theme for FBLA is "In Touch With the Business of America." One of the major objectives of FBLA is to develop self-confidence and strong, aggressive business leadership so that these future businessmen and women may participate more effectively in the business and community life of which they are soon to be an integral part.

1-Mrs. Walston takes over an FBLA meeting.  
2-James Collier looks over an FBLA magazine.  
3-Standing: Brent Rogers, Sheila Gurley, Lynn Heltzel, Carrie Loy, Susan Connely, Melinda Brown, Amy Rowton, Sherry Pinkerton, Karen Waite, Cindy White, Todd Lucas, Sue Taylor, Kelly Perkins, Katrina Tillery, Tonya Garner, Dee Dee Eslick, Kay Doris, Vicki Braziel, Rhonda Dugen, Donna Lucas, Robin Gudinas.

Kneeling: Patty Puloma, Cheryl Dodson, Charlie Broadbent, Jeanne Myers, Leslie Sanders, Kelly Rhodes, Cindy Stratton, Becky Weatherford, Shawn Otteson, Kelly Duncan, Mary Caldwell, Laurie Chambers, Valli Smith, Kim Hunter, Sharon Jones. 4-FBLA Officers: Jeanne Myers-Vice President; Cheryl Dodson-Historian; Carrie Loy-Secretary/Treasurer; Melinda Brown-President; Cindy Stratton-Reporter.

2-Patty Puloma, Ozella Winningham, Jeanne Myers and Susan Barnes at an F.H.A. meeting.

The F.H.A. provides girls with the opportunity to learn about the home.

Besides learning about the home, the F.H.A. participates in many school activities. The F.H.A. participates in Spirit Week to root the Wolves on to victory.

Along with school activities come the traditional F.H.A. assemblies. The Federation meeting was held on November 13. On that day, many girls from the four counties in the federation came to Hot Springs to spend the day at the Convention Auditorium. The Federation officers, including Katrina Tillery, presided over the meeting. There were guest speakers, entertainment, and the new officers were installed.

The F.H.A. participates in fund raising activities, such as selling Stanley. Each member has to sell \$10.00 worth in order to go to the State Fair.

Where would Lake Hamilton be without our Future Homemakers of America?

# FFA: Farmers Facing The Future

FFA, the Future Farmers of America. This active club is organized to help students prepare for careers in the Agricultural field. It emphasizes the development of leadership skills and leadership in their agricultural careers.

What do the members of FFA do? They take field trips to agribusinesses for awards in local, state, and national levels. They travel to participate in these contests as close as home or as far away as Kansas City or anywhere in the world. They also are involved in many communities projects to help make our city more attractive.

Our FFA is very active in competitions. In March and April of 1980, they competed at the District and State levels. At District they were over all Sweepstakes winners. That is an overall amount of points in all events combined. The events they were in and the team members are: 1st place Electrification; Billy

Catlett, Gerald Braziel, Mike Norman, and Russell Neese. 1st place Mechanics; Danny Chase, Tommy Johnson, and Tim Rascoe. 2nd place Forestry; Steve Vanlandingham, Kenny Knox, Billy Catlett and alternates Richard Kassaw and Jamie Bradley. 2nd place Extemporaneous Speaking; Nancy Gray, 2nd place Parliamentary Procedures; Danny Chase, Lee Davis, Greg Bunn, Rocky Hall, Mark Smith, Rusty Hawkins, Doug Castleberry, and Tommy Johnson. 3rd place Dairy Products; Russell Huggs, Lydell Lively, and Kelly Robbins, 3rd place Meats; Mark Smith, Tavie O'Neal, and Todd Meredith. Also, Steve VanLandingham in Forestry, Billy Catlett in Electricity, Danny Chase in Mechanics, and Lydell Lively in Dairy Products won high individual awards for being scored the highest of all in points. At State they were awarded: 2nd place Electrification; 2nd place Mechanics; 4th place

Livestock; Roger Hutter, Carolyn Eudy, Susan Easton, Robert Wright, and Todd Sturgill, 4th place Meats, 6th place Horticultural (Plant I.D.); Nancy Gray, Leslie Brown, Carolyn Eudy, and Steve VanLandingham.

They attended Cooperation Camp the first week in June. At camp they learned how co-ops are run and operated. They even had their own business set up during that week in which they operated and kept books. Nancy Gray, Susan Easton, and Billy Catlett attended.

During the second week in June, our FFA attended Youth Conservation Camp at Arkansas Tech College in Russellville. They learned about all forms of Conservation. Nancy Gray, Carolyn Eudy, and Kenny Knox attended.

June 15-22, our FFA was lucky enough to go to Washington D.C. Only 2 students from Lake Hamilton attended and only 37 students from Arkansas

could attend. These lucky people were 4 Carolyn Eudy and Roger Hutter. Mr. and Mrs. Daniel also went as chaperones. It was a National Leaders Workshop where they learned leadership and responsibilities. They also were taken on tours around spots such as, Mt. Vernon and some of the other old historical sites.

In May was the State FFA Convention. It was conducted as a business meeting and for the electing of new officers. Also, it was used to present the awards to the members who were honored.

In September, we had our annual Garland County Fair. Our FFA entered several contests and came out with several winners. Todd Sturgill had a Grand Champion Steer and Mark Berry won showmanship in Beef Cattle. Carolyn Eudy, Susan Easton, Karen Easton, Ricky West, Steve Timbs, and Monroe Loy also competed in other contests.

At the District Fair, the FFA competed again and turned out winners. Dale Weston won Showmanship in Beef and Mark Berry placed third. Robert Wright, Todd Sturgill, Karen Easton, Carolyn Eudy, and Susan Easton also participated.

When the State Fair rolled around the FFA had five members attend. They were: Robert Wright, Todd Sturgill, Susan Easton, Karen Easton, and Carolyn Eudy. They competed in hogs and beef. They hope to have more members participate next year.

November the 11th through the 15th our FFA attended the National

FFA Convention in Kansas City, Kansas. We had seven members attend. They were Lee Davis, Robert Wright, Todd Sturgill, Carolyn Eudy, Nancy Gray, Susan Easton, and Leslie Brown. These members listened to speakers, attended banquets, looked on at contests, saw slides and listened to tapes at workshops, and also looked on at the awards ceremonies. Preston Smith, a graduate of Lake Hamilton, ran for national office this year. Only one person from each state can run for this office. He did not get elected into this office but Lake Hamilton should be pleased that one of their graduates could be honored to have run for an office.

The upcoming schedule for our busy FFA this year, include:

February 19-FFA Leadership Workshop

February 16-20-National FFA Week

March 5-Sub Area Leadership

in Speaking and Parlimentary Procedures Contests

March 13 and 27-District FFA Judging Contest

April 25-FFA Banquet for recognizing special adults, students, and installation of new officers.

May 27 and 28-FFA State Convention

June 5 and 6-FFA sponsored High School Rodeo.

Because of her outstanding qualifications and smiling enthusiasm, our FFA has chosen Katrina Tillery as the 1980-81 FFA Sweetheart. She is the daughter of Mr. and Mrs. Jimmy Tillery. She is a very active member of FHA and is the Federation 1st Vice-President. She enjoys the outdoor life and has much respect for our future farmers, for she is a future homemaker.

2

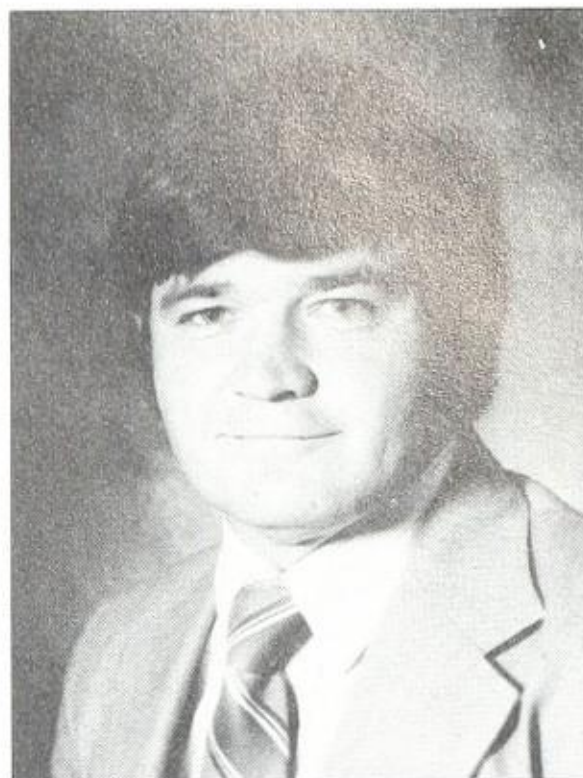

#### FFA Members:

It is such an honor to have received the title of FFA Sweetheart. I feel as though I have a great deal in common with all of you, after all, we're all just a little bit country! To all who were influential in having me chosen as your 1980-81, FFA Sweetheart, I would like to offer my thanks. It is truly one of the most thrilling experiences I have ever had.

Thanks a million,

*Katrina Tillery*

# Parties! Piñatas! Postres!

Spanish Club is a group composed of Spanish I, II, and III students and those who have an interest in the Spanish language, life styles, and customs.

The Spanish Club holds a Christmas party where the members have a Spanish traditional Christmas. The members made a piñata, which was stuffed with all kinds of goodies.

The Spanish Club plans to attend Casa Bonita, a restaurant in Little Rock, to try their tasters in Spanish foods.

# Excedrin Headache

## Number 34

### Staff Produces 34th Annual Wolf Howl

Money, money, money! That was the number one problem of the yearbook staff when they reported to school last fall. Big plans for a beautiful book had been made over the summer; and Mrs. Shiver announced that somewhere in the neighborhood of \$19,000, give or take a dollar or so, would be needed to foot this year's bill. To start things off, the price of each annual was raised \$2.50. The annual sales ran around 1,400 books. For more money, the staff hit the streets selling ads, ads, and more ads. Super salesman, Gordon Hale, came to give a demonstration of how to manipulate the businessmen into buying a wonderful ad to up their businesses. The ad sales ran somewhere between \$6,000 and \$7,000.

The time spent raising money was nothing compared to the time

spent on drawing the layouts and writing copy. Everyday during sixth period, the staff was feverishly working on creative writing and showing the new members how to draw the layouts so they could meet the four deadlines. The poor photographers were yelled at from all directions, as everyone on the staff insisted on having pictures "today." The deadlines seemed only a week away when you considered all of the work they had to do.

The twenty members of the staff have worked hard to make this the best book in the history of Lake Hamilton. The staff takes pride in every book presented to the students, and the students take pride in keeping the books as a memory of the most important years of their lives.

"EXTRA, EXTRA, Read all about it! Buy your L.H.S. Wolf! -on sale now today; only 25¢-a small price to pay for such a pot pourri of ideas, events, and student activities." This phrase is heard echoing through the halls once a month by the friendly newspaper staff. The newspaper staff is kept very busy being led by the fearless Susan Batterton, sponsor; and the expressive editor, Tammy Casement. There are thirteen talented individuals who collect information and then put their literary talents to work.

The newspaper staff works mostly sixth period. Some of them hustle ads from neighboring businesses, while others work with pen and paper or trusty typewriters.

We the student body owe a lot to our newspaper staff for providing us with interesting stories about our lives and our world. They also provide us with a monthly reminder to look back on when our school days are over. They work hard and deserve much appreciation for their efforts. Thank you, newspaper staff, for doing so much to the year 1980-1981.

# L.H. Betas Make Their Mark

The Lake Hamilton chapter of the National Beta Club has been as active as ever this year. They have done work for the Levi Hospital, and the Arthritis Foundation, including a Rock-a-thon held at the YMCA. Trophies were given to the people that raised the most money, and T-shirts were also given away. In January, twenty-one students, and three sponsors loaded on the bus and headed for the State Beta Convention. Dwayne Webb represented L.H. as a candidate for State President. "Think 'Fame' and vote for Dwayne!" "Remember his name . . . Dwayne!" "Dwayne for Prez!" These phrases and more were heard coming

from L.H. students, and even from Betas from other schools, too! The skit was patterned after the song "Fame" as was most of the campaign. Friday night was filled with fun - running around, singing songs, playing cards, watergun fights, and then someone almost got thrown into the ICE machine! -- Cold world, huh, Terri? Saturday, people had drooping eyelids, but bright spirits as the campaigning for Dwayne continued throughout the day. L.H. even had an alien being running around screaming for Dwayne's sake. (He said he was related to Scott! The resemblance was noticeable!) The election results came in and they were not

what was expected, but at least Dwayne was first runner-up! The members went to McCain Mall to spend their money, and did a good job doing just that. After more lectures the business part of the convention was over. A dance followed. The band was "Diamond Jim." The Club also planned a 20th year banquet, to invite the charter members and the first Beta sponsor at Lake Hamilton back to a reunion, hoping to recapture some old memories. As you can see this club works very hard, and the members ARE the leaders of L.H.

## Striving for their School <sup>1</sup>

Students:

I'd like to take this time to thank each of you who helped make the Student Council such a success this year. Without your co-operation and participation throughout the year, even the most thoroughly planned activities would not have been possible.

The Student Council is the backbone of our school, the ever-important link between faculty-student and administration, that relies on you, the student body. I'd like to encourage each of you to support your Student Council

throughout the following school years and thank you for giving me this opportunity to serve as your President. We at Lake Hamilton have a lot to be proud of and it's all been made possible by you.

Thank You,

*Cathy  
Myers*

Shawn,

To finish high school is a wonderful experience and beginning for us all. Live it up and learn lots, reach for a new and fresh and get to the top (if that's what's important) keep up the stars look to Him for guidance. May your wishes all come true faith, and your troubles be very few. Remember the FBLA conv. and the fun we had. MAY God always bless ya and keep ya.

## Rainbow There's Opportunity

Shawn,

It's been fun getting to know you these past few years. I hope you succeed in everything you strive for. Remember at FBLA when we got caught by the police on how- & a-half after curfew. That was wild. You've been a good friend and I hope this friendship goes on after May 22.

**Opportunity doesn't knock but  
once, but again and again every day.  
Every morning brings a new slate and the  
possibility of reaching new  
highs. Many people  
work together at Lake Ham-

seen, not as chores, but as opportunities;  
and that "I can't's" are changed  
to "I can's".**

Sharon,  
Well, we finally made it.  
We are going out into the world.  
But at least I have the satisfaction  
of knowing one of the best girls in Lake Hamilton.  
I'm really glad were friends and I hope our  
friendship grows more. I hoped see ya this summer  
and keep in touch.

Lake Hamilton goes to all extremes to bring it's children to school. The buses cover over one thousand miles a day in thirty-one routes with three double runs. They transport approximately 2,800 students and make around 800-900 stops per day.

The twenty-eight drivers, twenty-one of which are teachers, must have an Arkansas Drivers License and a physical examination on file each year. They must also take a test every two years to receive a Bus Driving Permit, before becoming a certified driver.

3

1-Jr. High teacher drivers are from top to bottom: Larry Anderson, Charles Utt, Donnie Watts, Dan Stacy, Dickie Thomason, Randy Harris, Cheryl Hollingshead, Steve Davenport, Butch Jones, John Messer, Joe Grimmer, Billy Chesshir, and Scott Henderson.

2-High School teacher drivers are Jerry Allen, Mark Smith, Richard Gray, Julie Hartsfield, Bill Akins, Joe Johnson, and Eldon Weatherford.

3-Alan Hurst, Vernon Wright, Mearl McCollen, Leroy Verrett, W. A. "Billy" McLean, Duane White, Lois White.

Pat Ward, the Lake Hamilton Schools food director, keeps herself very busy. She plans out the week's meals to include the four food groups for three different cafeterias. She makes sure that things run smoothly in all the cafeterias, and she fills in when help is needed.

All together, there are twenty-two ladies who work together to provide a nutritious hot meal to bring students and teachers back to life after treacherous morning classes. They do a good job! Oft' times, their special talents are overlooked or not fully appreciated. In fact, they spend a seven hour work day preparing food and cleaning up the huge mess made every day by the hungry hoards. That's a hard job! What would we be without them? . . . Starving children with tummies growling —.

# Coordinated Career Education - CCE

1

Students involved in the coordinated career education program are students that need the special preparation for the outside world and its work. They're taught academic lessons in the morning and in the afternoon are enrolled in vocational school or are employed in an actual job. This program is a very effective one and the dedicated teachers, Mr. Gray and Miss Parker, help to make it easier for the youth of today to deal with daily crisis.

# Business Classes Prepare...

Paula Shiver takes her Typing I class through the stages of locating the keys, margin setting, and learning to type many forms of letters. She also teaches accounting which provides students with an overall picture of the total process of business systems and is a good base for further study and career advancement in the business world.

Although there are many career opportunities available in accounting and related fields, accounting is for all persons who need to understand

financial records so that improved economics decisions can be made - and that means everyone.

Accounting I includes learning how to organize and summarize financial facts and how to interpret the economic message those facts convey. Students start with a beginning balance sheet; learn the principles of debiting and crediting, journalizing, and posting; and finally, learn to prepare the financial statements.

1-Mrs. Shiver's famous words are, "Hands on home keys? Type!"

2-The Typing I class works on the production assignment for the week.

3-Cheryl Gattis works intently on her accounting.

4-Willie Ennis studies dividends as David Davis daydreams.

## ...for the "Real" World

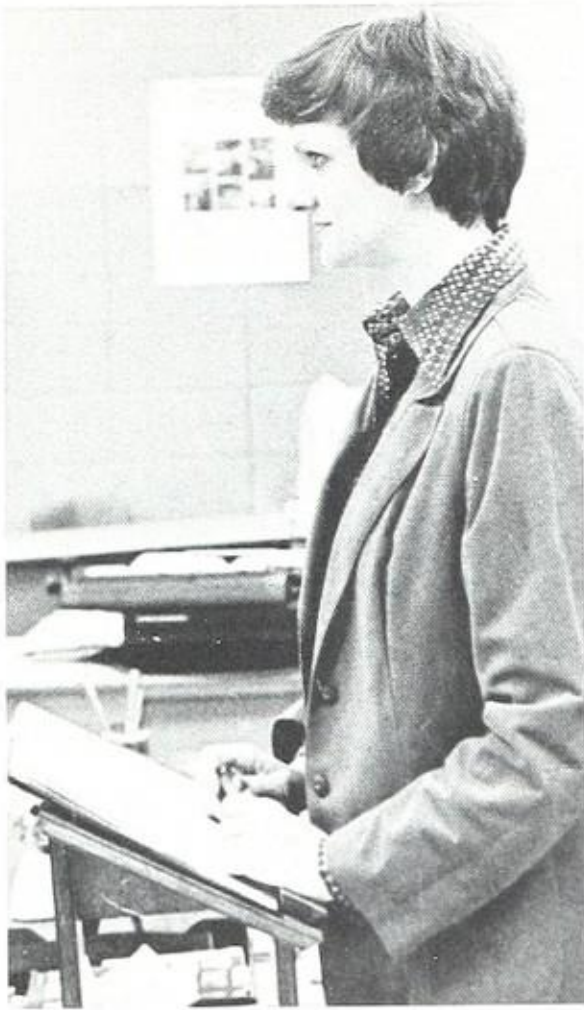

Peggy Walston explores with her office practice class the many facets of the business world. Office practice is scheduled as a two-hour block class. Its primary purpose is to simulate actual work situations and experiences as much as possible within the school setting. Units included are: personal appearance, office etiquette, producing mailable letters, copying and duplicating, telephones, office simulation, adding machines, dictaphones, filing, mailing services, processing data and careers.

Mrs. Walston also teaches

Typing I and Typing II and Personal Typing.

Typing II is designed to prepare highly skilled typists for work in offices by developing higher speed type-writing with appropriate accuracy. Production work and mailability are stressed with actual business standards used to evaluate work.

Personal Typing, a new course to Lake Hamilton, is a one semester course for college bound students to learn to type letters and reports for their personal use. It is offered as credit/non-credit.

# Home-Ec — What's Cookin'?

Mrs. McClard and Mrs. Williams teach Adult Living/Consumer Education classes. Mrs. Williams also teaches the remaining Home Economic classes.

Adult Living and Consumer Education classes discuss marriage, divorce, planning and the cost of the wedding, and a little sex education.

Food and Nutrition plans a complete meal prepared by the entire class. They prepare food in labs each week.

Clothing classes learn selection of patterns and fabric to fit individual needs. Practice problems are done to help review students' basic needs.

The Child Development class 3 studies the areas of development—physical, emotional, social, and intellectual.

Housing and Design students learn to choose a house plan, read blue prints draw room to scale, and decorate the various rooms in a house.

# Agri Classes Gain In Responsibility and Individualism

When someone mentions Agri, one may think of FFA. Agri is not FFA but a giant step into the FFA organization. Most students take their first Agri class in the ninth grade called Exploratory Agriculture where a wide area of agriculture is learned.

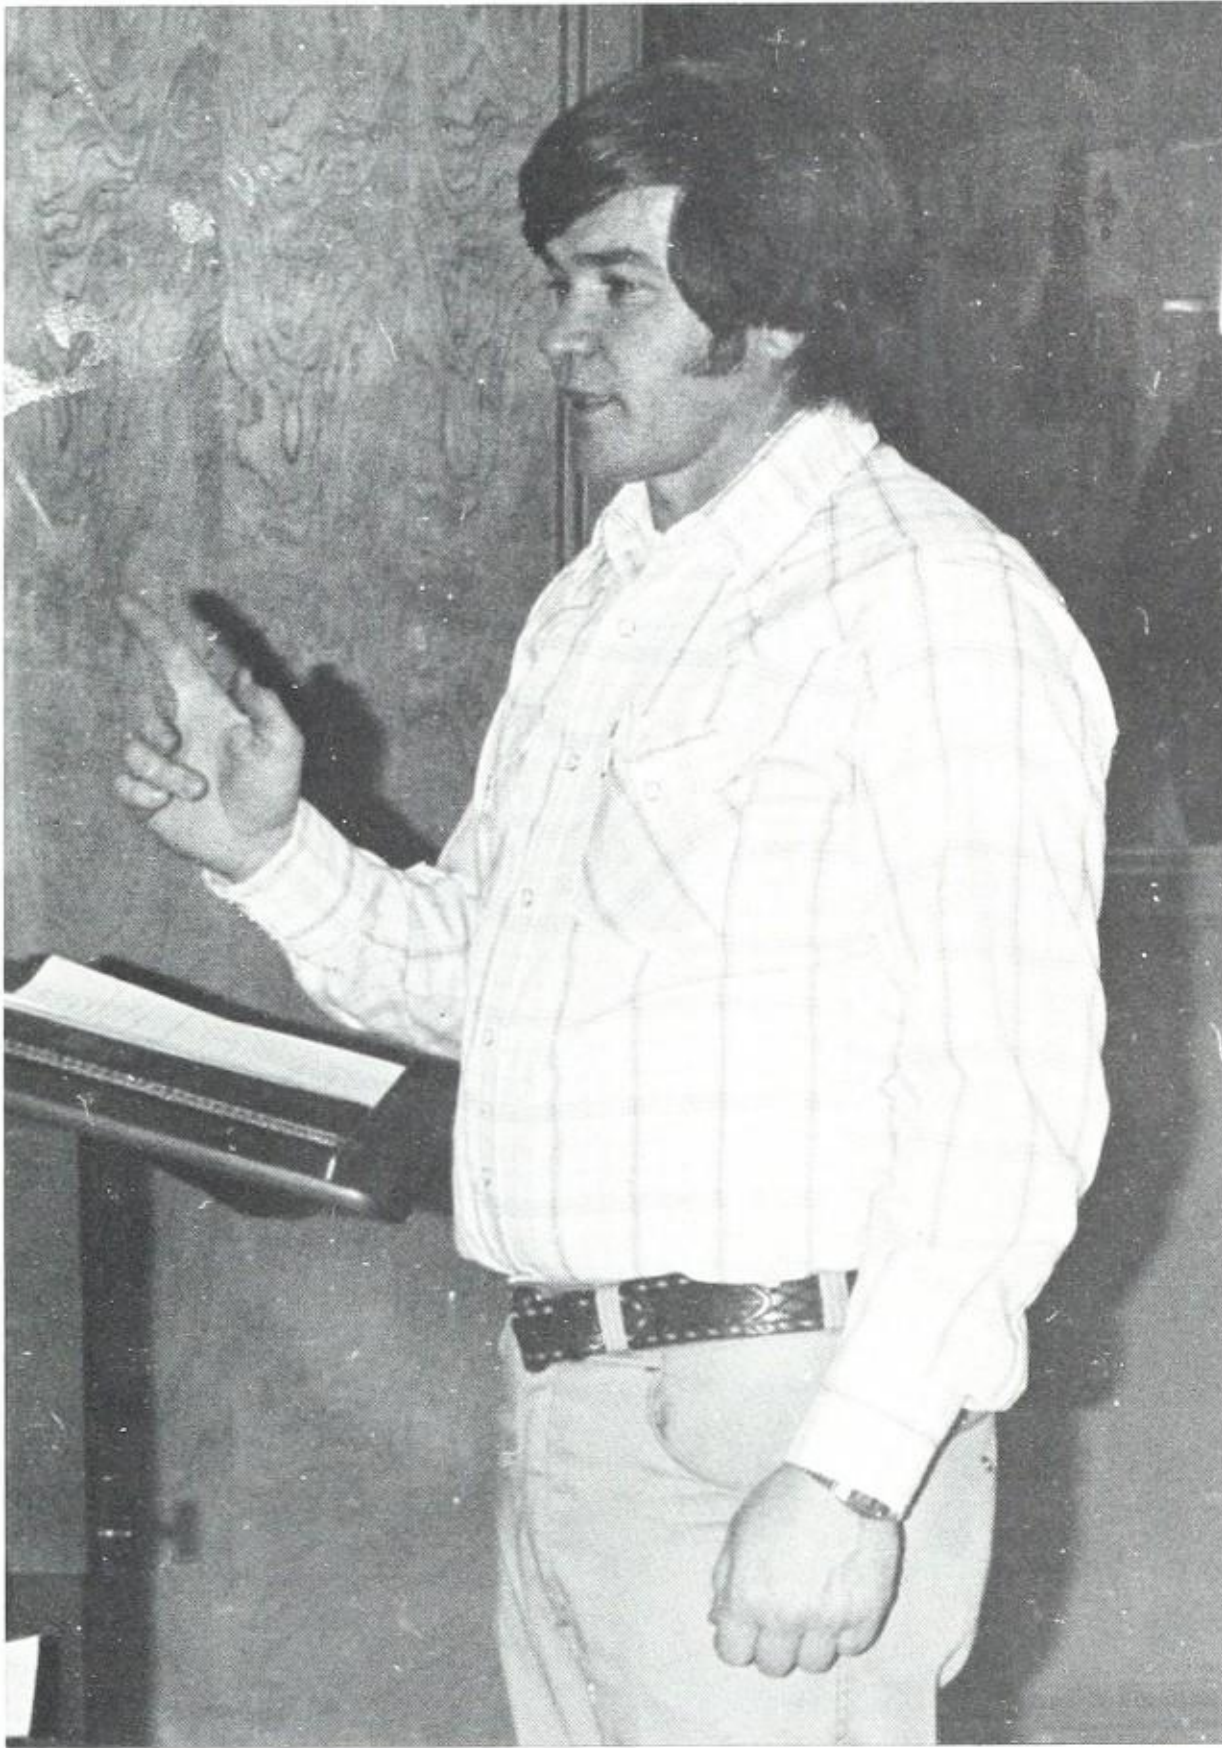

Then in the tenth and eleventh grade the students are offered a selection of things from Agri Business, Welding, Animal Science, to Forestry. In Senior Agri Mechanics which is for seniors, they have the choice of 14 subjects dealing in Welding, Plumbing, Electricity, and

many more. Of all the subjects the students have to choose from, it helps them in contest judging for FFA. By using their knowledge of Agri Business and farming the students have a head start for their roles in the future.

The Lake Hamilton choir has 1 worked very hard this year. Miss Gandy always does a great job directing the choir. It is hard to start from scratch every year with a new group of students, some of whom have never sung in a choir before, but Miss Gandy has that special talent which allows her to make a top-rate choir out of these students. She works before, during, and after school with the members of the choir and ensemble. All of the ensemble members had to try out for the All-Region choir. The whole choir went to Region Festival. L. H. should be proud of the choir that represents 2 them.

# Art = Creative Individualism

The Art Department, headed by Mrs. Darla Johnson, five year art teacher of Lake Hamilton, offers a variety of courses designed to allow the students to express themselves.

The classes are divided into three periods: Pottery and Sculpture, Drawing and Painting, and Beginner's Art and Design.

In the pottery and sculpture classes the students learn how to work with clay. The students also are taught the steps of firing and glazing their work. The students also try their skills in sculpture in which they work

with clay, plaster, and other media.

In the drawing and painting classes the students learn how to see things correctly which in turn helps them draw better. They also work with different paints, and styles of painting.

Beginner's Art and Design is a prerequisite for all the other courses. These students learn the basics of art composition and design. Further along in the year, they try their skills at printmaking, silkscreen, and other media.

Our LHHS English teachers are an interesting group. They each have amusing personalities that add a lot of zest to a boring day! Of the six English teachers, two of them also teach other subjects. Mrs. McInvale is a very thorough speech teacher. She gives her class the benefit of becoming an experienced speaker. Mrs. Black teaches "Español"; and from what we've heard, she is "muy bueno!" All the teachers put a lot of effort into their jobs.

## *Learning About The Past*

The classes of economics, government, sociology, geography, and history are administered under the Department of Social Studies and History.

L.H. has some of the finest history and social studies teachers to keep us informed of the things in our world happenings- today, tomorrow, and yesterday.

Bill Akins-World History

### Steve Baldwin-Sociology

## World Geography

Joe Johnson-American History

## Psychology

## Connie Eudy-Arkansas History

## Economics, American History

Dennis Pate-American History

Biology, a study of life which encompasses plants and animals, is required of all students. Biology is taught by Mrs. Watts, Mrs. McClard, and Mrs. Gerdeman.

Chemistry is another class taught by Mrs. Watts. It is a study of the composition of matter and its changes. Principles covered in lecture are demonstrated through approximately 30 lab experiments and written problem solving.

Physics, taught by Mr. Akins, is the inter-relationship between matter and energy and its application to all sciences. The essential concepts of physics are developed in an orderly manner so as to present a unified, logical sequence.

Some of the major concepts are vector quantities, momentum and conservation, reflection, and refraction, electricity, and atomic energy.

In Earth Science, the study of earth can be divided into three closely related sciences: geology, the study of the earth and atmosphere that surrounds the earth. Since the earth is a member of the universe, astronomy is the study of the earth's relationship with the cosmos.

# Oh, No, My Batteries Are Dead!

The Math Department this year had a few pluses. Lake Hamilton High School offers a variety of math courses from practical math to modern introductory analysis, which all help the students to prepare themselves for the future.

The newest class started when some students wanted a college prep class. So Mr. Allen and Mr. Carter, Principal, got together and planned the new class. Mr. Allen volunteered

to use his experiences of teaching for the new class. So when the 1980-81 school year started thirteen students were enrolled in the new class of modern introductory analysis. The students of the class find it most challenging.

The math department has four qualified teachers: Mr. Jerry Allen who teaches trigonometry, geometry, and modern introductory analysis; Mr. Mark Smith, Algebra I and II

and practical math; Mr. Eldon Weatherford, business and practical math; Mrs. Mary Cone, Algebra II, business math, and geometry.

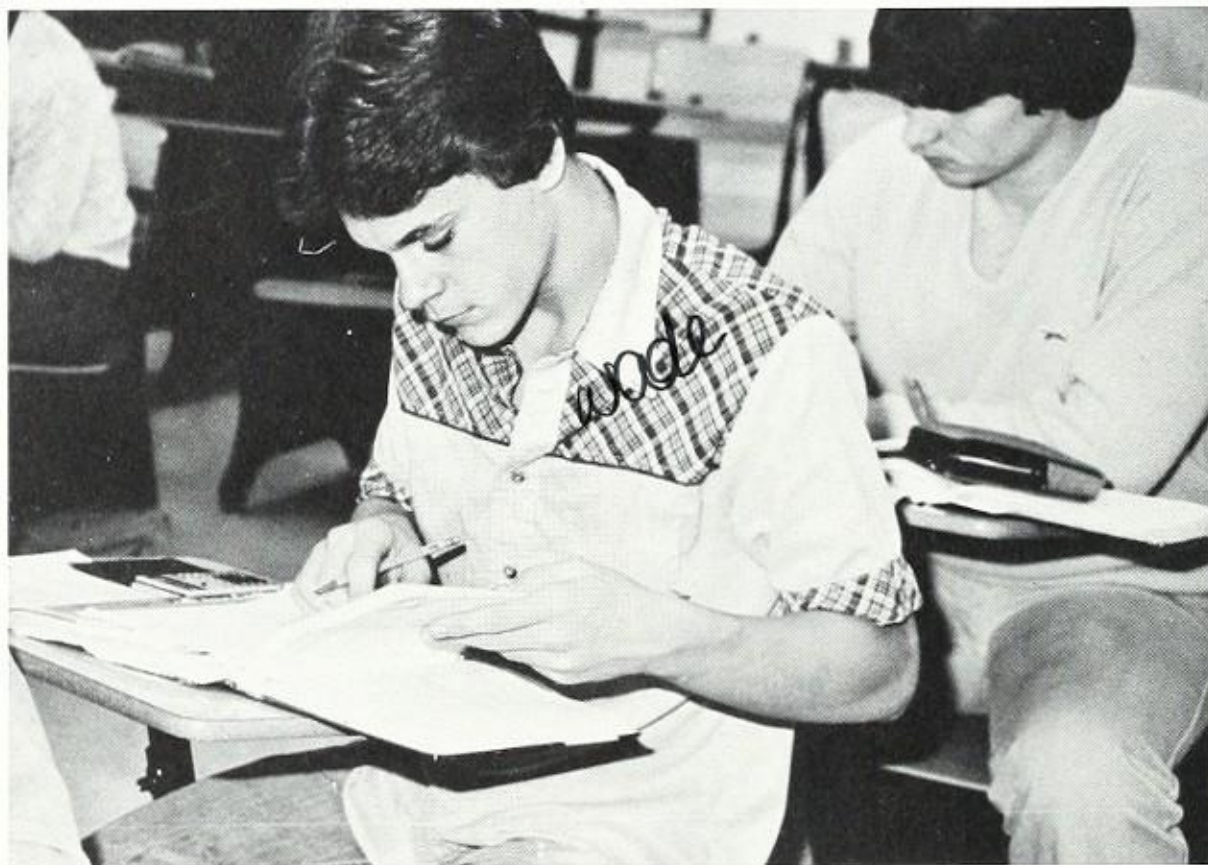

So with our books, pencils, and calculators we groan and gripe until we succeed in conquering the problems of math.

# Counseling Aides in Decision Making

Lake Hamilton is lucky to have two very hardworking counselors to help make decisions about scheduling of classes, number of credits needed for graduation, and choosing the "right" college. They always have an encouraging word for a discouraged student, whether the problem is at school or at home.

Before the students' schoolyear begins, Mr. Berger and Mr. Russell are preparing for the coming year. Many hours are spent arranging and rearranging students' schedules. They try to please each individual, yet

at the same time make sure that each student will have the needed amount of credits for graduation. Sometimes it is almost impossible to give someone the classes they want because there are conflicts, but the counselors always do their best to make everyone happy.

Counseling is a job that requires a good education, and "a way with people." Both of our counselors meet these requirements. We should be very proud of the great job Mr. Berger and Mr. Russell do in keeping this department running smoothly.

## *A.C.E. Promotes Independent Research.*

Lake Hamilton High School has a new class this year. Fourteen people were chosen to participate in a class for gifted and talented students. This is a chance for these students to do independent research in their chosen field. They do group projects and go on field trips to further their

education. Mr. Larry Russell is the class advisor, and project coordinator. ACE, "Academic and Creative Education", was the name chosen to represent the students. They try to keep up with government, and attended the Democratic Convention held in September.

# Office Workers Act Efficiently

1

All too often, important people are overlooked in the hustle and bustle of our school routines. We never seem to thank those in the background who keep things running so smoothly. What would we do without our office workers to keep our club money and remind our administration about those certain things that seem so important to us? Without these certain people, how could we have ball games? There is almost always one of our special office workers at the door or gate of games. Please, don't overlook these people, for they're important, too! Office workers, for all those times we never said thanks-THANKS!!!

# Administration in Action

To have the opportunity to work and represent the students and patrons of this school district is an honor and privilege. My appreciation is extended to everyone who has played an important role in making this one of the better schools in our state and for helping to create a pleasant atmosphere in which all of us may work and study.

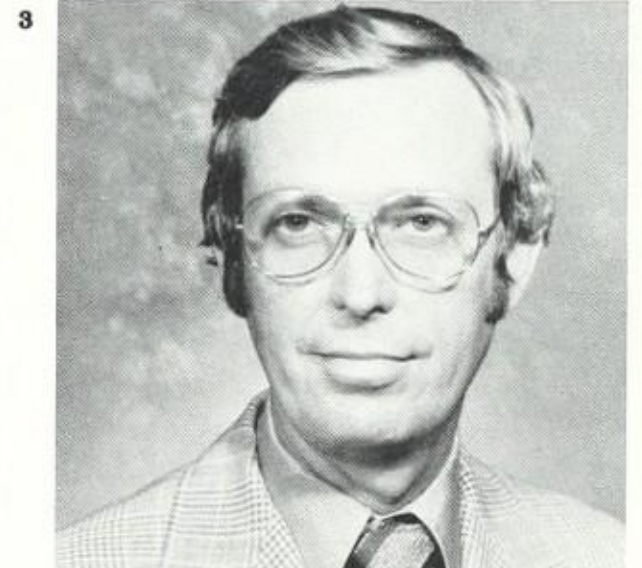

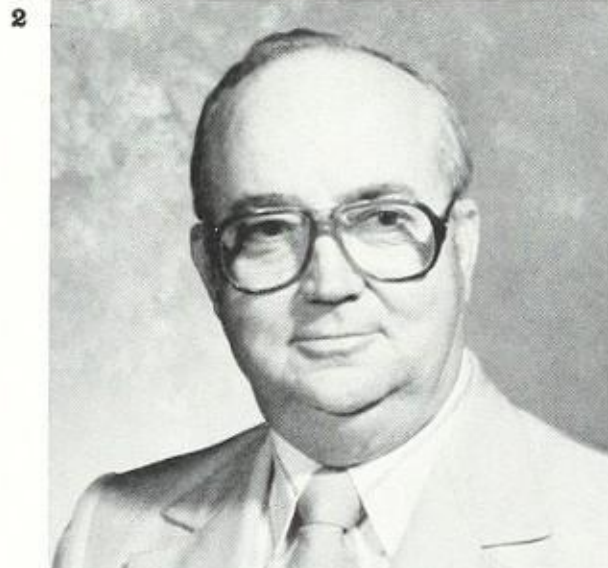

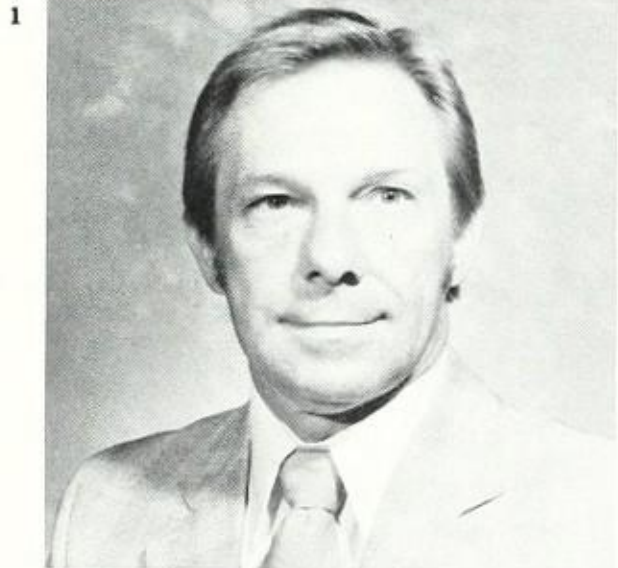

I am especially appreciative of our fine students who have demonstrated a desire for learning, who stand for fairness and decency, and who display a day to day spirit of cooperation.

In their way, the Annual Staff has made an effort to capture the "Spirit of the Wolves" in this publication. As you look through the yearbook, I hope that each of you will experience pleasant memories of this school year.

Sincerely,

*Somewhere Over the Rainbow There's Friendship*

Shawn,  
Well, this year has really  
been fun for me. I hope it  
has for you! Well, I hope  
you get the best out of life,  
in the future. And try to  
Remember your great high school  
years At L.H.

We'll miss ya.

Best of Luck in the Future.

Call sometime!

Friends

Always,

DATTY Sluppick

Shawn,  
nice girl and I've  
enjoyed being your  
friend. Remember that!  
More you & Katrina & me went  
too. (P.G.) Well be good &  
keep in touch. 4676765

Shawn. It sure has been nice knowing you these last few years. We may have had one time of not getting along and there is times still to come. I ~~am~~ glad to be close to each other. But sometimes almost always good. There's still the good times to look back on. You a great friend and always will be. Even though we have our differences I hope you remember me when you go to California. I'll remember you always.

**We all have special friends. They are always there when we need them. They share the good times with us as well as the bad. A friend is someone to laugh with, to cry with, to work and to play with. We share our lives with our friends, make our memories with them. The friendships we make in high school are very important to us all, and will be cherished forever.**

Don't go to wild Woody in California. Take out one of those jump for me. They are sure good looking look & Jim → my Baby, Don't party & hardy.

5/2 C.K. maybe these one day

# Mr. and Miss Lake Hamilton

The votes are in and this year's Miss Lake Hamilton is Tina Watson. She's the quiet girl with the big eyes and long hair who is always one of the smartest girls in class.

What people may not know is that behind that quiet facade there is a take-charge person whose talents and quick sense of humor have provided the driving force behind many successful school and community projects.

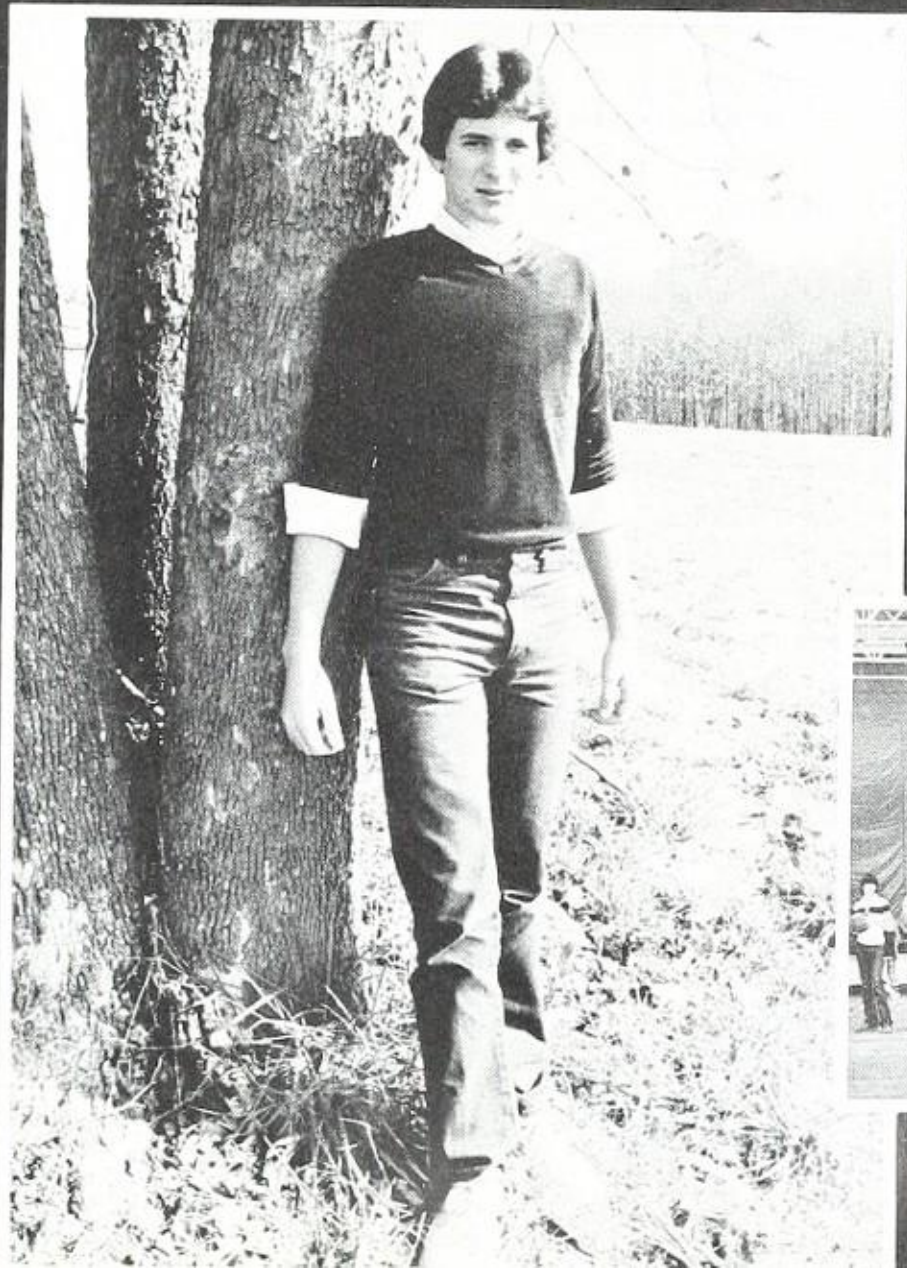

Tina is Secretary of the Beta Club, is Editor of this year's Wolf Howl Staff of which she has been a member for three years, and is a member of the Gifted and Talented class.

But, never believe that she is "all work and no play". Tina is a ranking bowler in the state and is on the Board of Directors for Hot Springs of the American Junior Bowling Congress.

Future plans for Tina very definitely include college where she plans to pursue a career in computer science and education. Good Luck, Tina.

*Tina*

*Watson*

*Donny*

*Beasley*

Donny Beasley is his name, and basketball is his game. Athlete, gentleman, and scholar-those are the words to describe our Mr. Lake Hamilton.

Among Donny's many talents, the most known and talked about is his ability as an athlete. In the last, two years, Donny has established himself as a "top notch" basketball player. A 6'4" guard for L.H., he has helped bring about many victories for the wolves. Over the summer, Donny played for the Arkansas Jr. Olympics. His team won the State Tournament, and came in fifth in the National Tournament in New Orleans. Last year, Donny was named for All Conference and was second in the conference in scoring.

Donny puts forth great effort in anything he does, and goes into everyday with a determination to make it a "winning day."

Kelly Akins has been scuba diving for two years. His dad and he share an interest in the sport. Kelly received his lessons at Divers Den in the summer and continued to dive that winter.

Lessons are taught on the lake once a week. One must swim a distance of 250 yards to qualify for the final test. During this test the diver must submerge 60 feet under the water and make a night dive. He then must take a written test.

Kelly, having done this, has acquired his divers license, and has also taken an advanced course.

Bobby Kissire enjoys playing one of America's number one sports, baseball. He started participating in the sport at age six, and has continued to play each following season. He has been chosen as a member of the All-Star team for five years.

Although he is capable of playing both positions, Bobby spent more time on first base than on the pitching mound.

His most memorable play came at the age of fourteen. It was the last game of the season and he hit a grand slam homer that won the game for his team.

Tandra Wooley Lucas, moving from Nashville Tennessee, came to Hot Springs in her Sophomore year. She sang in Lake Hamilton's Variety Show her Sophomore and Junior years. Because of her outstanding voice and guitar picking, she has become a favorite entertainer to our students.

Tandra has been playing the guitar about six years. She first started performing when she was ten years old at the auditorium, Cattle Hayride. She has sung at clubs in Hot Springs such as Club Car and Gas Light. She was also one of the performers in Country Magic, one of Magic Springs shows of last summer.

After finishing high school Tandra plans on going to Beauty College. Even though she is not sure of her future plans, she still wants to continue her singing career.

Bobby Staley moved here from Glen Burnie, Maryland, in his Junior year. Bobby was born with Cerebral Palsy but recovered normally. In the tenth grade, he was hit by a car and confined to a wheelchair.

His family moved to Hot Springs after hearing of the physical therapy, available here. With continual therapy, an operation, support from his family and friends and most of all, with his own determination and independence, Bobby is now walking.

The student body at L.H. has found inspiration from Bobby's courage.

Students representing Lake Hamilton last summer, at the Governor's School held at Hendrix College were Terri Hornbeck, in choral music; David Green, and Peter Clay, in Social Studies.

Last year two students were nominated from each course of study according to their ability. Those nominees, along with the nominees from other schools, were sent to the Selection Committee of the State Department of Education. Out of all the nominees, those with the most outstanding qualifications were chosen.

While at the Governor's School, they received advanced training in their specific courses of study.

*Up Close and Personal*

Laura and Susan Smith have been going to Lake Hamilton for three years, having moved here from Central Jr. High in Hot Springs. Besides being fraternal twins, these girls are also honor students, and have received several certificates of awards in various subjects.

Susan is interested in medicine and wants to make her career in Dental Hygiene, while Laura plans to enter the field of Medical Record Administration. Even though the twins are entirely two different people and have their disputes, they still maintain the special relationship all twins share.

David Stone was initiated into Hot Springs Chapter of Demolays on April 1976. He worked his way through the different offices. In May of 1978 he was elected to serve a second term.

He has attended three International Leadership Conferences, learning how to become an active citizen of our great country, and how to help Demolays grow.

David feels that Demolays has allowed him to meet many interesting people, and make many friends. He also said that some of his happiest moments were spent with the Order of Demolay.

Kandy Knox is the winner of the Hugh O'Brien Award, sponsored by the Hugh O'Brien Foundation.

This award is based on an application describing leadership ability. It is offered only to Sophomores. The winners of the award all over Arkansas will travel to Little Rock where two will be selected to travel to the Nationals in Dallas.

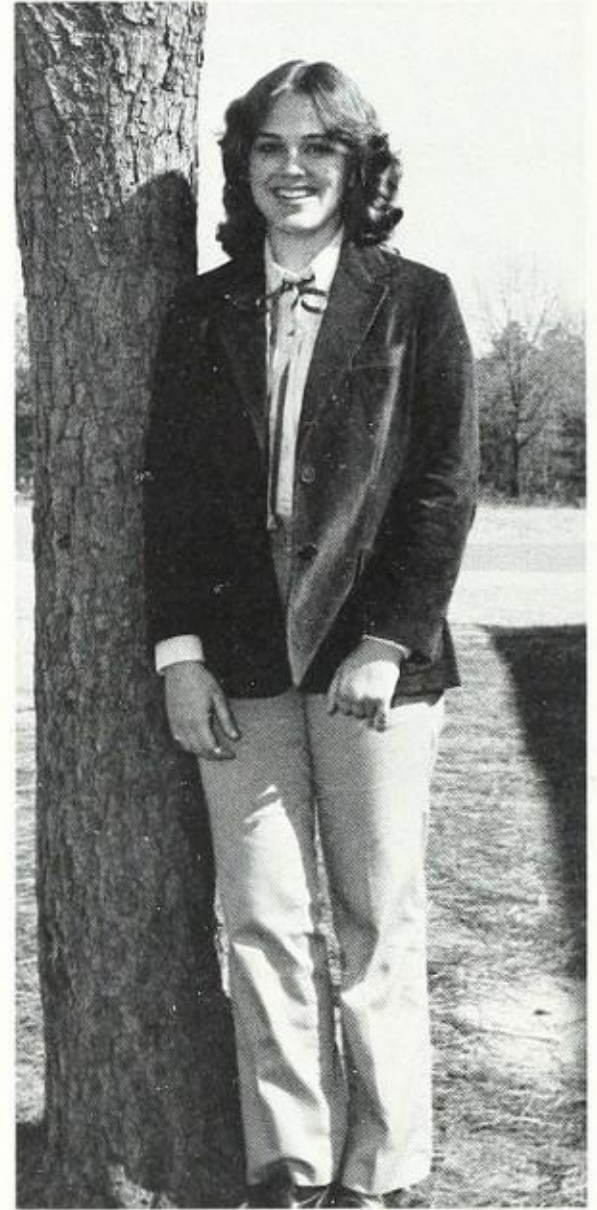

We wish you luck, Kandy, on your venture to Little Rock.

Every year four lucky juniors are chosen for Boy's and Girl's State. This year they were Russell Neese and Donny Beasley for Boys State, and Tina Watson and Tammy Casement for Girls State.

They were chosen by the teachers at school. For one week they were taught about leadership, our government and even taught the second verse to the National Anthem.

Representatives were chosen, two from both, to represent the State at the National Boys and Girls State.

2

This year's Miss Optimist is the pretty, talented, wonderful Julie Mullings.

Miss Mullings was chosen to be Miss Optimist after a day of speeches and interviews in Searcy on October 18. Julie's speech was entitled "What is my optimistic view of the future." After her speech Julie had a personal interview with the judges.

Julie won a \$50 U.S. Savings Bond and \$25 in cash. From Searcy she also retains two very important momentos, a crown and her bouquet.

Miss Mullings was sponsored by the Lake Hamilton Chapter of the Optimists Club and, as the winner, had her picture in the Club's newsletter.

There was one last prize, a trip to Orlando, Florida, for the Optimists International Convention this summer. Have fun.

The Youth Appreciation Award was given this year to six outstanding students: Seniors David Starnes and Tammy Casement; Juniors Kevin Dunlavy and Caroline Eudy; Sophomores Mike Tankersly and Karen Waite.

The Youth Appreciation Award is sponsored by the Optimist Club.

The teachers select six students, two from each grade, to show their appreciation to our youth. It is mainly an award for recognition. The students were picked in September and honored with a banquet in October where they were presented with a certificate and a plaque.

The Daughters of the American Revolution this year awarded the DAR Good Citizen Award to Russell Neese and Tina Watson.

The awards are given each year to the students who exhibit dependability, leadership, community service, and patriotism throughout high school.

Tina and Russell were called into the office and the pins and certificates were awarded by two representatives from the DAR on December 10.

These students deserve our congratulations on such an achievement.

# A "Sparkling" Smile Wins in Style!!

The excitement, the anticipation, and the new experiences of it all — The friends and the hurried rush — This all describes a typical beauty pageant!

Throughout the past year we have had many girls from Lake Hamilton participate in a Beauty Pageant of some sort, either on local or state levels. We have had many winners emerge, and some hold several titles. Lake Hamilton is very proud; out of all the pageants held in Hot Springs in which a Lake Hamilton girl has participated, we have brought forth a winner. This just goes to show what winners we are.

It takes lots of determination, lots of practice, and courage to get up and "display" yourself and your talents in front of a critical but loving crowd. Although it involves a risk of winning and losing, it's worth the rewards that are reaped.

1-Kim Slagle - Garland County Fair Queen and winner of District Talent Competition. Chantelle Carroll - Garland County Rodeo Queen and Arkansas Appaloosa Queen. Katrina Tillery - 2nd Runner up in the Fair Queen Contest.

2-Michelle Trimue - Miss Tri-Lakes Ideal Miss also Miss Congeniality.

3-Joanie Crone - Selected as Miss United Way.

# *In Memoriam...*

## *Mark Bolding Steed*

(1962 - 1980)

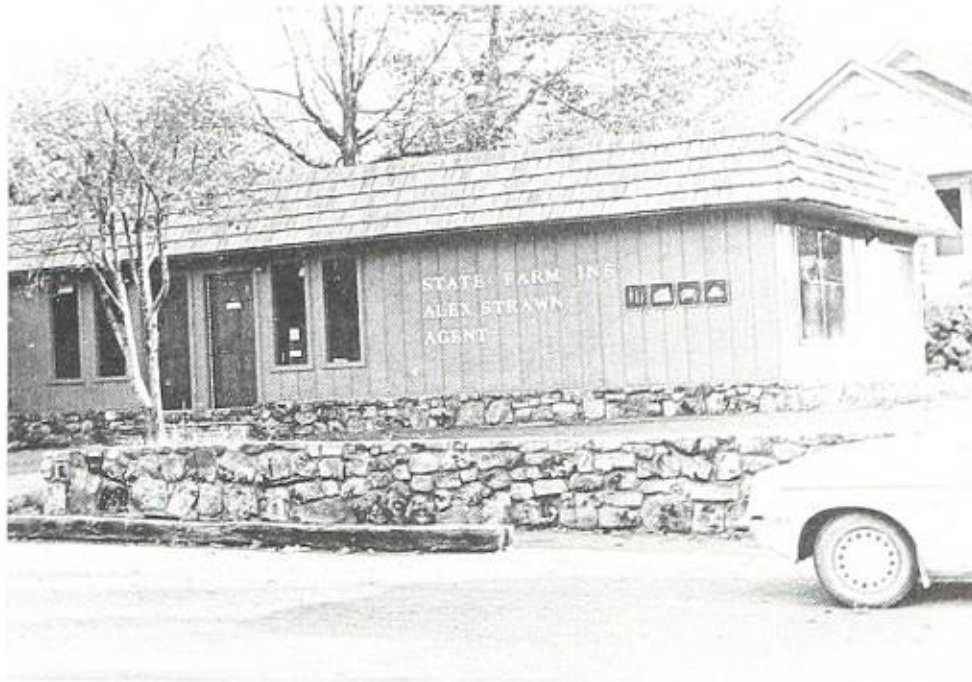

Perhaps the most that could be said of any of us is that we are human. We all make mistakes, and we all feel joy and pain. This could certainly be said about Mark Steed. No matter what his feelings were at any given time, though, he never forgot his friends and acquaintances. Those who knew him experienced a unique privilege, and those who did not, a sad loss.

Mark was first in many areas:

one of the youngest pages in the state legislature, a much remembered cadet in Civil Air Patrol, one of the first boys in Pep Club, and one of the top five chosen for the new G.T. class. Mark was first in many intangible areas: friendship, loyalty, honesty, and fair play. Mark constantly tried and gave everything he had in every situation. He had one thing which, in the end, made him a winner - he never gave up.

# MEET SOME NEW PEOPLE

From Sir Isaac Newton to Teddy Roosevelt, from Leonardo da Vinci to William Shakespeare, we have a lot of people for you to meet. We offer classes in two-year transfer programs for those going on to four-year colleges, two year Associate Degrees for those seeking quick entry into the job market and one-year programs for those who feel they need only specific skills. And all of our courses transfer to other colleges and universities. From History to Math, from English to Nursing, you can meet a lot of new people and make many new friends. Plan to join us this fall.

*The smile of a child on Christmas morning. The sight of his eyes as he witnesses the birth of new puppies. The laugh of the children as they play in the schoolyard. The end of the day for an exhausted teacher. Excitement in the eyes of a child is a frequent and never stopping feeling. Kids rarely let troubles bother them and we adults should try to take on part of their attitudes. Excitement - it happens in the lives of all of us. Experience it and taste it all the days of your life.*

## Man and nature work together in High Yield Forestry

Our High Yield Forestry works with Mother Nature to provide products, offer recreational opportunity, protect watersheds, return oxygen to the atmosphere – and to ensure a habitat for wildlife.

This year every man, woman, and child will use the equivalent of a 100-foot tree – for building materials, paper, packaging and other products made from wood and wood fiber.

Through research, fertilization and thinning, our High Yield Forestry helps nature increase its output. And by planting millions of trees annually, we help make sure we have products – and a place for wildlife – in the future.

And I'll see what I can do for you. You a very special  
Friend, Shawn, and I Love you for it. I wish you the  
Best in the world, and if you are going to move I will miss you  
Really You are special Love ya  
2 signs Shelly

The future has always mystified  
man. From the earliest times, man  
has studied the stars to learn his destiny.  
Man wanted to know what was  
going to happen to-  
morrow, next month, next year. When  
we were in elementary school, we thought  
it would take forever to get to  
junior high. When there, we  
thought it would take  
forever to reach high school, but we  
made it. Maybe if we weren't so  
busy looking toward the future, we would  
find NOW a more enjoyable place.

Shawn,  
Well we're almost through.  
In two weeks we'll be out  
for good. And I don't know  
if I'll be able to make it  
without seeing you everyday.  
But I'll try. It has been  
nice & I'm glad I got to  
be friends with such a nice  
person like you. I hope all  
of your hopes & dreams  
come true.

Shawn,  
I'm really glad that  
you got to be friends with  
I think that you're really  
sweet and caring and have  
a great personality. I'm really  
glad that we got to go to this  
convention. That was a  
blast, even if there weren't  
enough guys. Good luck  
in everything and God bless.  
Love ya.

# Fact or Fiction of the Future

## Temper, Temper!

For the first time since 1980, Mount St. Helens has blown its top. The eruption this year has caused relatively little damage compared to the 1980 eruption, which caused several million dollars worth of damage and killed 19 people. This year's explosions have been kept contained by movable dams and other obstructions placed in the path of the lava flow. The only destruction done was to the resorts at the bottom of the hill. Leading geologists say that it is likely that further eruptions will take place, but the havoc caused by the huge ash deposits of the 1980 eruption should not be equaled.

## America on Ice

The American ice team has done it again. For the first time since the 1980 Olympics, the Russians have lost the Gold medal to the American Hockey Team. In the 2004 Olympics, as in 1980, America won by coming from behind with a pair of third period goals. New records were also set on the ice: Robert Heiden, son of Eric Heiden who won five Gold Medals in the 1980 Olympics, also won the men's 1500 and 4500 meter races, as had his father. The withdrawal of figureskaters, Randy Gardner and Tia Babalonia, brought great disappointment to the '80 audiences, but the fans of this year had no disturbances as, once again, we American's had our finest hours on ice.

## Super Bowl XXXVII

The Oakland Raiders have returned after a 23 year dryspell to the Super Bowl. The head coach of the Raiders, Jim Plunkett, the quarterback who led the same Raider team to a 27-10 victory over the Philadelphia Eagles, in Super Bowl XV, has returned victoriously again.

Plunkett led his team, with the great finesse he used as a quarterback, to an easy 34-16 victory over the Patriots. The Raiders, always known for their flashy coaches, have surprised the public with the calm, imperturbable Plunkett, an asset to the Raiders and the NFL.

## Class of '81 to Host "Eighties Day"

Lake Hamilton School is going to sponsor an "Eighties Day" with everyone dressing up, and a dance with the music of the decade being played. The activity is to be sponsored by the Class of 1981 and will coincide with the Class of '81's reunion being held at Lake Hamilton on March 25, 2004.

The reunion is intended to be as realistic a trip into nostalgia as one could wish. The music, fads, clothing, and movies will all be represented at the dance.

The pictures shown above are representations of the clothing. If

you will notice, the baggy jeans, sweaters, and tennis shoes and loafers all have come back into style this winter.

The members of the Class of 1981 are asked to bring records and 8-track tapes for use. The tapes will probably include such artists as REO Speedwagon, Andy Gibb, Bee Gee's, Queen, Barry Manilow, Allen Parsons' Project, Billy Joel, and many more.

Many old movies will be shown during the two day reunion. Such smash hits as *Kramer vs. Kramer*, *The Empire Strikes Back*, *All That*

*Jazz*, *Smokey and the Bandit-Part Two*, *Flash Gordon*, and the movie with the cult of its own, *The Rockie Horror Picture Show*.

There will be an antique auto show of the 1980 models of the Trans Am, and the Camaro, with the oldest car being a red Datsun 1600 from the Smithsonian Institute.

In our knowledge, this reunion is one of the most extensive ever planned by a class at Lake Hamilton and it is hoped by all, that the journey into nostalgia is a most memorable one.

## The Good Old Days

The gas prices hit an all time high again this month of \$6.49. The reason for the latest increase is due to OPEC driving up the prices for the third consecutive month. The price per barrel now stands at an all time high of \$157 for crude oil.

The gas prices started rising in the early 70's and have continued almost unabated since then.

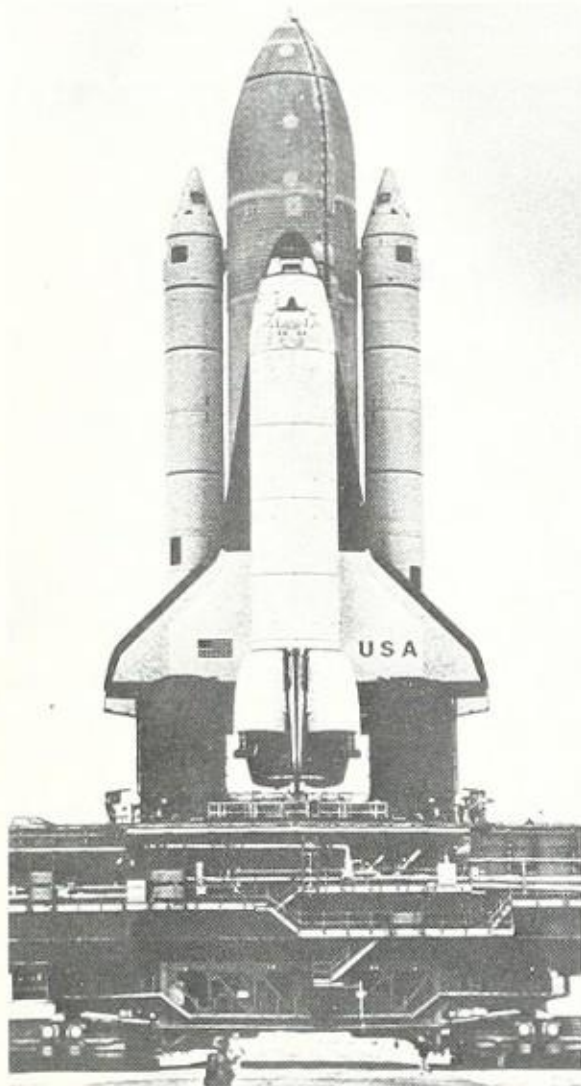

It is the belief of this columnist that it is up to us to act and to quit waiting until the prices get out of the reach of the average citizen.

## School Sued by Community Pillars

The Anytown Public School System has been sued by the Noname city council for damaging the town's reputation by allowing obscene pictures to be printed in the annual. A similar case occurred in Arkansas in 1979-1980 schoolyear. In the latter, 3 seniors in Beta Club, a class officer, and 30 other students were suspended for three days for making

obscene gestures in pictures for the annual. Though the staff tried, some pictures could not be retrieved, and ended up in the yearbook. This year, though, the town is apparently attempting to sue the school for damaging the town's reputation. The case will go to court in May, 2005.

## Space Shuttle Celebrates 25th Anniversary

The Space Shuttle is celebrating its 25th anniversary. Launched first in April, 1981, the space shuttles have been doing satellite repair, maintaining the moon colony, and helping with weather prediction. The shuttle pictured above was the Space Shuttle Columbia. The Columbia was launched March 14, 1980. The shuttle first carried only two passengers. Now they are designed to carry up to 100 people and large quantities of weight-up to a 100 ton payload.

The space shuttle was conceived after the end of the Apollo missions. The shuttles are now considered to be one of the major advances of the space age.

## Draft Passed by Congress

One of the most controversial issues of the past two centuries has been the use of a draft. The draft was first used in the Civil War. There were ways to get out of it then: if you had \$300, you paid and were free for a year; pay someone to go in your place; or, just simply disappear until the end of the war. The Spanish War was all volunteer, W.W. I was all volunteer but then came the cruncher-W.W. II. The need for manpower was so great that it just had to be done. Korea was all volunteer but then came Vietnam. The college students protested, militant anti-draft groups formed, and people went to Canada. The violence culminated at the college of Kent State where National Guard troops were

sent in. There was some jostling, then the guardsmen fired killing 4 students. After Vietnam the U.S. tried an all-volunteer army, but it didn't work; the draft returned in February of 1982. In 1980 and '81 there were riots, sit-in's, and other various types of protest. The picture below shows rioters being arrested in New York in January of 1981.

The draft has become a commonplace thing in our lives, but recently there have been gathering protests over the draft. It is hoped by the Ziggy administration that the protests will not be as severe as those of twenty years ago.

## President Ziggy Demonstrates Noblesse Oblige

President Ziggy's Inauguration costing approximately \$13 million, was the most costly since President Reagan's in 1981, costing almost 11 million dollars.

The pomp and circumstance of the Inauguration was greatly expanded, and it is estimated that the formal balls alone cost approximately three million dollars. The Inaugural Parade cost a little over one million dollars. The accommodations, the platforms, and the grandstand for the guests cost somewhere in the neighborhood of eight million dollars. The last million dollars is listed under miscellaneous!

The Inauguration, while being especially costly and lavish, was accompanied by the heartfelt approval of the American public.

So, once again, for the 43rd time in American history, the change of power has been accomplished in a peaceful and orderly manner.

## Soup Sales Skyrocket Credit Given to Lake Hamilton Students

David Worley and Kelly Perkins

Lake Hamilton has once again surpassed Lakeside Schools and the Hot Springs City Schools in the annual soup label drive. Begun in the late 1970's at Lake Hamilton Elementary School, the race for the most Campbell's soup labels has grown from inter-homeroom competition to an all-out sprint to the local supermarkets by students of the Hot Springs schools.

Mayor John Baker has declared this week "Soup Week", and predicts that the deadline next Monday will be met with even more labels coming in than before.

Interviews with market owners and managers show an overwhelming increase in sales; not only in the soup sections, but also in other food departments.

What started out as a project to obtain more equipment for Lake Hamilton Elementary Schools - both playground as well as audio-visual-

has steamed to a well-participated - in quest for the competition of such city projects as a new park with equipment donated by the schools, extensive materials given to the city library, and each year one of the participating schools receives half of the collected labels for its own school's use.

Competition between the schools as well as the class and grades of the individual schools has reached an outlandish peak. Lake Hamilton, for example, had its own Soup Week: the cafeteria served three varieties of soups for lunch, money was raised by guessing the amount of noodles found in one gallon of Campbell's Chicken Noodle Soup, students wrote essays on the production costs of various soup manufacturers, and the COKE taste tests were taken over by a Soup Brand taste test!

All in all, the week of the first annual "Soup Week" has gone well

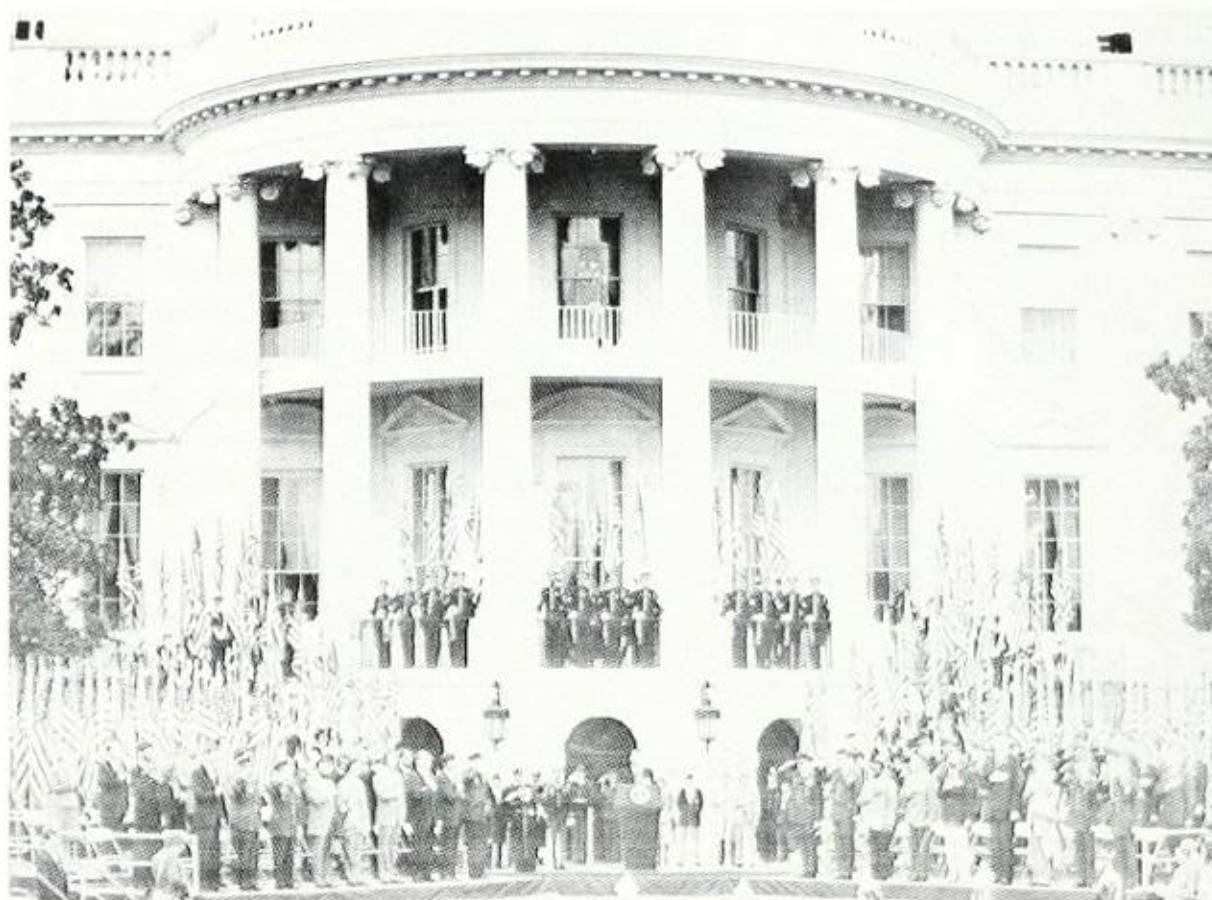

so far. There have been reports of students admitting to the fact that they are getting rather tired of hot soup for lunch each day, but the new "toys" for the city and schools are worth the small inconvenience. A special thanks for the success of the week goes to Lake Hamilton Schools for their co-operation and founding of the drive, which has made the market managers, especially, "SOUP-er" happy!

In 1979 Iran was plunged into revolution by the teaching of Ayatollah Khomeini. American hostages were taken, impossible demands were made by the Iranians, then the unbelievable happened: the Shah of Iran died in exile in Egypt. This made things very complicated for the American negotiators. The Shah's son, Reza Pahlavi II, declared himself the Shah in exile. The American hostages were held for 444 days and then released in exchange for the frozen Iranian assets in America. The hostages were released on Inauguration Day, January 20, 1980.

## Triumphant Shah Returns

The Ayatollah Khomeini ruled until his death in 1984; then his minister, Bani Sadr, took over and ruled until his death in 2003. After Bani Sadr died in 2003, civil war and anarchy swept the country, and the Shah's grandson was asked to return to the throne of Iran. It is hoped that the Shah will restore law and order to this very important middle-eastern ally of old.

The President's spokesman, George Smith, has stated that as soon as is feasible, the U.S. will pledge monetary and military aid if it is needed.

# KKK

## Disbanded

The Klu Klux Klan was disbanded by order of President Robbins because of recent rioting in many southern states causing 14 billion dollars in property damages.

The KKK originated from anti-negro groups after the American Civil War. The KKK almost died out and then reappeared in the early 1960's over the Civil Rights issue. They grew in power and prestige until the black riots of two months ago.

One of the many defeats was a particularly bitter struggle over school segregation. This propaganda picture was circulated in many southern states to arouse sympathy and promote the Klan's position.

The Klan is expected to take the disbandment order to the U.S. Supreme Court.

## Arkansas Leads Way in Gifted and Talented Education

It is hard for us of the 21st century to imagine the monetary problems in education of the 20th century. What we take for granted today was a struggling issue then. For example, the ACE program, Gifted and Talented classes, was one of these controversial issues. In 1980 the pilot program in Arkansas was almost squashed by Governor White. Governor Gray's administration, though, greatly expanded the program; and eventually the idea caught on and spread throughout the U.S. In 1998 the first school created especially for the Gifted and Talented Students was built in Hot Springs, Arkansas. Three years later, the President created a new cabinet position for GT Counseling. The GT program is now flourishing in the United States and is spreading to other countries.

*Someday We'll Find It - The Rainbow Connection*

Each year a new Editor has the same old problem- what to write on the Editor's Page. Well, I decided to move away from the traditional page- as the 1980-1981 Wolf Howl is far from traditional. The cover has broken away from the usual maroon and gold combination and the sections are far from being in the conventional order. I think that this yearbook should be a reflection of the students it represents, and we are far removed from the "Traditional" concept of high school students.

I am very proud to have been a part of this book. The people who have worked on it, with it, for it, and who are in it are very special. To say thank you does not seem enough.

This book is based upon rainbows. We all search for many things throughout our lifetimes and rainbows seem to represent these things, but they are not as hard to find as the proverbial "elusive" rainbow is. I know that each person at Lake Hamilton can find the things that he searches for, and once he finds them, will be able to hold on to them forever.
